# Background

- ▶ Armenia announced its intention to apply *the Equitable Access Score-card* during the 7<sup>th</sup> meeting of the WG on Water and Health in Nov. 2014
- ▶ State Committee of Water Economy requested support from the UNECE secretariat to carry out the equitable access assessment exercise in July 2015.

# Objectives

- ▶ Achieve a better understanding of the situation and challenges related to equitable access to water and sanitation;
- ▶ Identify relevant stakeholders and create links with them;

# Objectives

- ▶ Raise awareness among stakeholders on equity issues;
- ▶ Develop a comprehensive overview of the existing policy measures to address inequities in access to water and sanitation.

# Stakeholders

- ▶ Government (ministries and state organizations)
- ▶ Civil society organizations
- ▶ Service providers

# Project activities and timelines

- ▶ Duration: 1 year
- ▶ Selecting a project leader and setting up a “core team” (November 2015);
- ▶ Organizing a launching workshop (15 December 2015);
- ▶ Collecting data and filling the score-card based on inputs provided by a broad range of stakeholders (January 2016 – April 2016);

# Project activities and timelines

- ▶ Core team completing a report with the preliminary findings (May 2016);
- ▶ Organizing a workshop to discuss the findings and the needs for further actions to improve equitable access to water and sanitation (7 July 2016).

# Project outputs

The final output of this self-assessment exercise was a country report that includes:

- ▶ A situational analysis of equitable access to water and sanitation
- ▶ Options available to achieve equitable access in Armenia
