# Task Force on Indicators and Reporting

**Pierre Studer, Switzerland**

Second meeting of the Working Group on  
Water and Health  
Geneva, 2-3 July 2009  
Agenda item 5

# Organisation under the Protocol on Water and Health

## Background: Protocol on Water and health

### Art. 6: Targets and target dates

- have to be established, except where local circumstances make them irrelevant.

### Art. 7: Review and assessment of progress

- collect and evaluate data on indicators that are designed to show the progress made

## Activities of the Task Force Indicators and Reporting

The Task Force will provide assistance:

- in setting targets and target dates
- in the development of a set of indicators
- for reporting at national level
- for establishing summary reports assessing the progress achieved towards the Protocol's targets

## Fields for setting targets...?

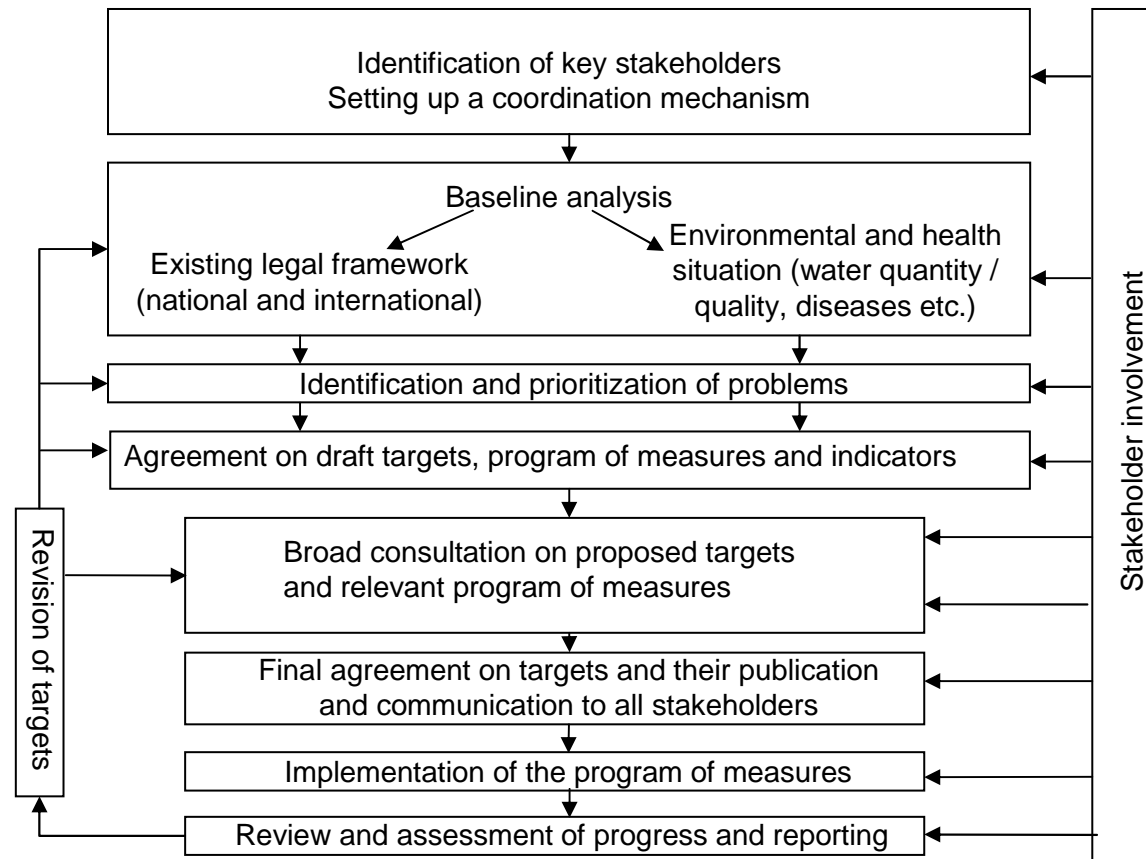

## Fields for setting targets...?

## Framework for the setting of targets

## Work done by the Task Force

### 2 Drafts:

- Guidelines on setting of targets, evaluation of progress and reporting
- Summary reports in accordance with article 7 of the Protocol on Water and Health

## Workshop conclusions I

### The Protocol:

- offers an umbrella to bring together the numerous ongoing activities
- provides a step-by-step approach for achieving goals
- focuses on the process and not only on the results
- complements the EU Acquis communautaire, can support its implementation and cover gaps

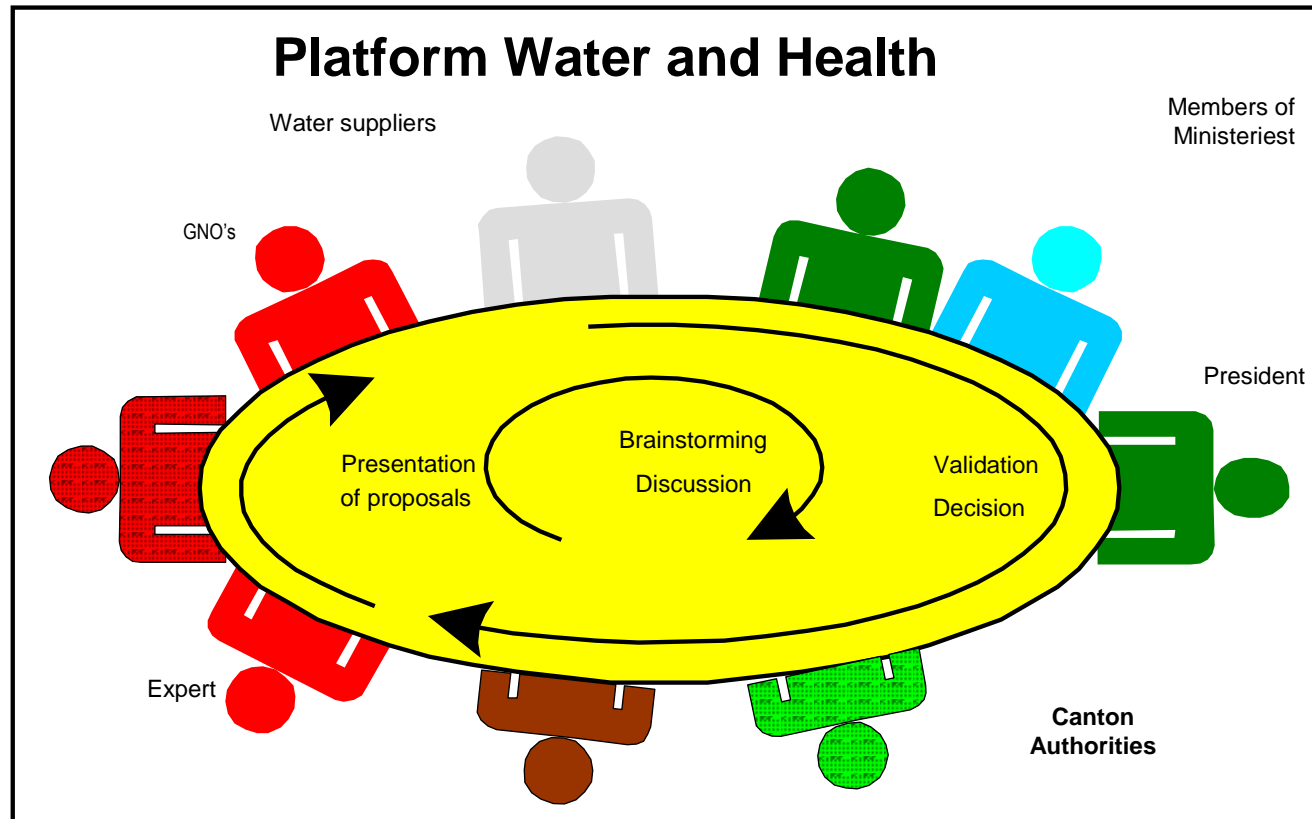

## Workshop conclusions II

The challenges of the Protocol:

- An intersectoral coordination mechanism is necessary, but cooperation is challenging
- Numerous tools are available for baseline analysis
- Awareness is still low and hindering the implementation

## How to set targets on water management?

## Assessment and revision of targets

## Future work under the Task Force Indicators and reporting

- Promote target-setting
- Exchange of experience
- Evaluation of the first reporting exercise
- Overall evaluation of progress achieved in implementing the Protocol
