FYROM - The Former Yugoslav Republic of Macedonia

* There are 2 concepts of household, the **housekeeping** unit concept, and the **household-dwelling** concept.

a/ Figures based on the 2003 Household Integrated Survey.

b/ Data based on the results of Census 1999.

c/ Source: Census of the population and housing fund as of 1 March 2001. Unit of the survey is the dwelling.

d/ Data include percentage for other-occupiers.

e/ Data refer to households in occupied conventional dwellings.

f/ Data refer to permanently inhabited dwellings only.

g/ Percentage totals are not equal to 100% due to households with tenure status classification 'unknown'.

h/ Data refer to households with 5 persons and more.

i/ Data from the Population and Housing Census 2001.

Percentage totals are not equal to 100% due to 27.2 thousand households with tenure status classification "unknown".

k/ Data based on the results of a Housing and Population Census held in March 2002.

l/ Data based on the results of the Population and Housing Census 2001.

m/ Source: Census of Population, households and housing, Slovenia, 2002 (housekeeping unit concept used).

n/ Include households in non-conventional dwellings.

o/ Percentage totals are not equal to 100% due to 75,995 households with tenure status classification "unknown".

p/ Data based on the results of Census 2002.

q/ Data based on the results of a survey of 11,040 households conducted in November 2004 within the framework of the households living condition sample survey.

r/ Data at May 2004. Source: Survey of English Housing for England.
