

Mo i Rana, Norway

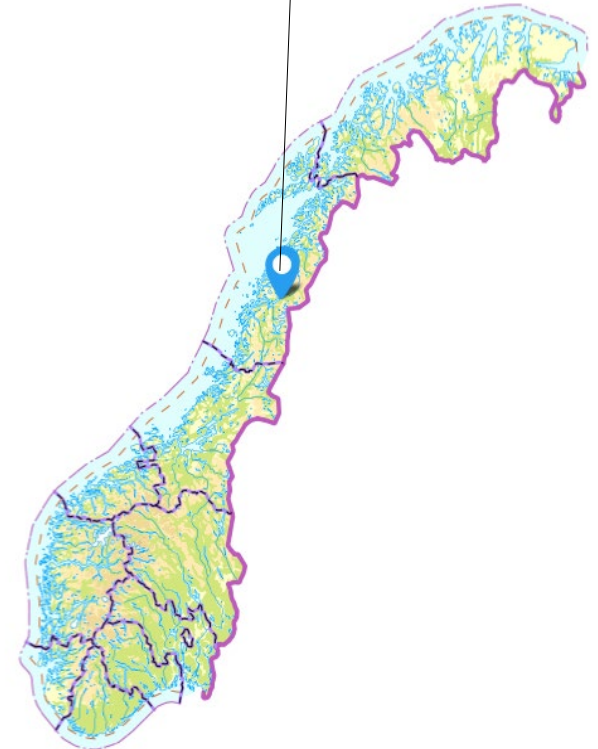

Sustainable Smart City Profile

7. oct. 2020

Norway`s green industry capital

- Mo i Rana is located in the region of North-Helgeland
 - 26 000 inhabitants
- Diverse range of businesses within industry, trade, service, leisure, finance, transport and tourism.
- Mo i Rana Port is one of the largest export ports in Norway
- Mo i Rana is the arctic host for Mo Industrial Park - the global leader on green industry.
- Mo i Rana is also host municipality to Freyr, the company planning to produce next-generation green battery cells. Freyr aims to use renewable low-cost energy to produce battery cells for electrification purposes - and then give a great contribution to reduction of carbon emissions.

Policy for sustainable development
