

The Gas Centre Database

- The Gas Centre Web Site
 - A [repository](#) of all the documents adopted or published by the Gas Centre since the beginning of its activity
 - A [database](#) updated twice a year by the Company Members themselves

Recent developments

- A better coverage of the gas chain
 - ⇒ ["Minisite"](#) on LNG
- More graphical and visual data
 - ⇒ [Energy Balances](#)
- Next year Project: Transmission Network [interactive maps](#)

New Task Force on Transportation Gas Pipelines

- Making an inventory of the European Gas Transmission Network
- Collecting technical data from the companies
- Structuring this information into a database
- Publishing the results in the shape of an interactive map 

Thank you for your attention
