Gender-sensitive family policies

Governmental support for families

Social protection family benefits: trends in the EU-28

Source: OECD, 2018

1. When choice is forgotten

*“Choice to combine
(or not) work and
family responsibilities”*

2. When more is not better

“Long maternity and parental leave have negative impact”

3. When it is not easy

*“It takes time
to change
gender norms”*

4. When it is not visible

*“Work discrimination
because of
pregnancy”*
