Subscription for interventions at the Regional Conference on ICPD+25 is open

Delegates who will attend the UNECE Regional Conference are invited to subscribe for an intervention during the plenary session and/or one of the three thematic sessions at the Conference.

Requests from the first five to seven national delegations will be accommodated along with four to five requests from observers: international organizations, academia, civil society representatives and youth.

The time allocated for each intervention will be 3 to 5 minutes during the plenary session and 2 to 3 minutes during the thematic sessions.

UNECE member States and observers are invited to communicate the name of the delegate and the title of the thematic session for which an intervention will be made by 26 September 2018.

Subscriptions for interventions should be sent to vitalia.gaucaite@un.org, with copy to pau@un.org.
