Policy seminar: Ageing and the Sustainable Development Goals
**Active Ageing Index**

The Active Ageing Index (AAI) is a tool to measure the untapped potential of older people for active and healthy ageing across countries. It measures the level to which older people live independent lives, participate in paid employment and social activities as well as their capacity to actively age.

### Domains

**Employment**
- Employment Rate 55-59
- Employment Rate 60-64
- Employment Rate 65-69
- Employment Rate 70-74

**Participation in Society**
- Voluntary activities
- Care to children and grandchildren
- Care to infirm and disabled
- Political participation

**Independent, Healthy and Secure Living**
- Physical exercise
- Access to health services
- Independent living
- Financial security (three indicators)

**Capacity and Enabling Environment for Active Ageing**
- Remaining life expectancy at age 55
- Share of healthy life expectancy at age 55
- Mental well-being
- Use of ICT
- Physical safety
- Social connectedness
- Educational attainment

**Actual experiences of active ageing**

**Capacity to actively age**
Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Target 8.5
By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value
Goal 5. Achieve gender equality and empower all women and girls

Target 5.4
Recognize and value unpaid care and domestic work through the provision of public services, infrastructure and social protection policies and the promotion of shared responsibility within the household and the family as nationally appropriate
Goal 5. Achieve gender equality and empower all women and girls

Target 5.5
Ensure women’s full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life
Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Target 16.7
Ensure responsive, inclusive, participatory and representative decision-making at all levels
Goal 3. Ensure healthy lives and promote well-being for all at all ages

Target 3.8
Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all
Goal 1. End poverty in all its forms everywhere

Target 1.2
By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions
Goal 10. Reduce inequality within and among countries

Target 10.2
By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status

Target 10.4
Adopt policies, especially fiscal, wage and social protection policies, and progressively achieve greater equality
Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Target 16.1
Significantly reduce all forms of violence and related death rates everywhere
Goal 11. Make cities and human settlements inclusive, safe, resilient and sustainable

Target 11.7
By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities.
Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Target 4.3
By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university

Target 4.4
By 2030, substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship
Goal 3. Ensure healthy lives and promote well-being for all at all ages

Target 3.2
By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births

Target 3.4
By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being
Goal 3. Ensure healthy lives and promote well-being for all at all ages

Target 3.5
Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol
Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development

Target 17.8
Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology
Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Target 4.3
By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university
# Active Ageing Index

The Active Ageing Index (AAI) is a tool to measure the untapped potential of older people for active and healthy ageing across countries. It measures the level to which older people live independent lives, participate in paid employment and social activities as well as their capacity to actively age.
