

# **20 Years MIPAA/RIS**

## **4th Review and appraisal cycle of the implementation of MIPAA/RIS 2018 - 2022**

### **Guidelines for National Reports**

## Timetable

- **October 2020-September 2021** – national reviews and appraisal processes
- **30 September 2021** – deadline for submitting national reports to the UNECE secretariat
- **30 March 2022** – synthesis report prepared by the UNECE secretariat
- **June (tbc) 2022** – UNECE Ministerial Conference on Ageing

# Guidelines for National Reports - Structure

- **Part I: Executive summary**
- **Part II: 20 Years of MIPAA/RIS** and review and appraisal of the implementation of the **Lisbon Ministerial Declaration**
- **Part III: Healthy and Active Ageing in a Sustainable World**
  - 2030 Agenda and its Sustainable Development Goals
  - Older people in emergency situations: the COVID-19 pandemic
  - WHO Decade on Healthy Ageing 2020 – 2030
- **Conclusions and priorities for the future**

## Part I - Executive summary

- **Methods used for this report;** in particular, details of the bottom-up participatory approach
- **Brief review of national progress in fulfilling (or lagging behind)** the commitments of MIPAA/RIS - three to five major achievements since 2017 and five important aspects to be improved in the future
- **1. National ageing situation**
  - Current demographic indicators and their projections
  - Quantitative social and economic indicators
  - Brief description of the social, economic and political situation
  - COVID-19 pandemic - important measures to revise/adjust social and economic policies

## Part I - Executive summary

- **2. Methods used for an evaluation of policy actions**
  - **Quantitative information:** new studies on ageing, cross-sectoral or longitudinal studies, indicators of the Active Ageing Index
  - **Qualitative information:** bottom-up participatory approach or other available qualitative data from recent research
  - refer to **interactions with the different stakeholders**
  - other **established monitoring mechanisms**

## Part II: 20 Years of MIPAA/RIS

- **Main actions and progress in implementation of MIPAA/RIS and the 2017 Lisbon Ministerial Declaration**
  - 1. Recognizing the potential of older persons - RIS commitments 1, 2, 8, 9, and 10**
    - participation of older persons - positive image of older persons - their contributions to society
    - volunteering of younger and older persons - enterprises to involve older persons as consumers
    - development of age-friendly environments and housing - participation in the relevant global/UN-wide campaigns - Global Campaign to Combat Ageism - Open-ended Working Group on Ageing (OEWG-A)
    - **in a nutshell the most important policy achievement during the last 20 years** - some examples **how thinking, feeling and dealing with ageing has changed during the last 20 years** - good question for **dialogue with older persons and civil society**

## Part II: 20 Years of MIPAA/RIS

- **Main actions and progress in implementation of MIPAA/RIS and the 2017 Lisbon Ministerial Declaration**
- 2. Encouraging longer working life and ability to work - RIS commitments 3, 4, 5, 6, 8 and 10** - lifelong learning opportunities - fight unemployment at all ages, reducing financial inequalities and poverty - employers to value the experience of, and to retain and hire, older workers - incentives for longer working life opportunities and more flexible retirement choices - pension reforms - reconciliation of employment and care work - special situation of older women - special measures to close the gender pay and pension gap - **in a nutshell the most important achievement during the last 20 years – in employment of older workers and developing labour market strategies**

## Part II: 20 Years of MIPAA/RIS

- **Main actions and progress in implementation of MIPAA/RIS and the 2017 Lisbon Ministerial Declaration**

### **3. Ensuring ageing with dignity - RIS commitments 7, 8, 9 and 10**

- enjoyment of all human rights and dignity, autonomy, self-determination and participation, prevent all types of abuse and violence - innovative methods and services - age-friendly technology and products - quality standards for integrated social and long-term care and health services - status, training and working conditions of professional care workers - research on individual and population ageing - participation of both persons with dementia and/or mental and behavioural disorders - self-determination, independence and dignity towards the end of life - **in a nutshell** the most important achievement **during the last 20 years to protecting older persons' enjoyment of all human rights** and to raising **quality standards for integrated social and long-term care** and working **conditions of professional care workers**

## Part III: Healthy and Active Ageing in a Sustainable World

### 1. Contribution of ageing-related policies to the implementation of the 2030 Agenda and its Sustainable Development Goals

- voluntary national report(s) (VNR) to the High-Level Political Forum (HLPF) – addressing population ageing and older persons' issues
- national political planning: are there any established links between ageing issues and the 2030 Agenda
- most relevant SDGs nourished by current policy measures

## The COVID-19 pandemic

### **2. Lessons learnt from managing the consequences and impacts for older people in emergency situations: the COVID-19 pandemic – UN SG Policy Brief: ‘The impact of COVID-9 on older persons’**

- How were older people affected by Covid-19 in your country
- Are difficult health-care decisions affecting older people guided by a commitment to dignity and the right to health
- What has been done to strengthen social inclusion and solidarity during physical distancing
- to fully integrate a focus on older persons into the socio-economic and humanitarian response to COVID-19
- to expand participation by older persons, share good practices and harness knowledge/data

## WHO Decade of Healthy Ageing 2020 – 2030

### 3. Activities in preparation and implementation of the WHO Decade of Healthy Ageing 2020 – 2030

- National Action Plan (or similar) for the implementation of the WHO Decade
- Report on the implementation of the WHO Decade of Healthy Ageing 2020 – 2030 in the framework of the next national reviews and appraisals of MIPAA/RIS?

## Conclusions and priorities for the future

- **Overall summary of the findings, future challenges and opportunities related to ageing**
- Recommendations for future actions to be taken
- Policy adjustments
- Priorities for further policy research
- Your country's requests, needs and wishes with regard to the work of international organizations in the field of ageing
