DECADE OF HEALTHY AGEING

Alana Officer, Senior Health Adviser, Ageing and Life Course
Collaboration

Central to every step will be close engagement with older people themselves

• Governments
• International Agencies
• Health Professionals
• Academia
• Media
• Private Sector
• Civil Society
Improving the lives of older people, their families and their communities.

Focus

Frame policies that are inclusive and supportive of older people.

• Communities develop in ways that foster the abilities of older people

• Older people have access to quality health care

• Older people who need it have access to social care and support
Strategies

Underpinning this work will be a comprehensive system of M&E that provides the basis for an accountability framework to measure progress towards political commitments.

- nurture leadership at all levels;
- catalyse innovation;
- identify successful interventions;
- enable research;
- connect stakeholders.
