Concept note
National Workshop on Gender Statistics
Serbia, 18-19 May, 2010

Overall goal of the project:
The project ‘Capacity Building Program on Engendering National Statistical Systems for Knowledge-Based Policy Formulation in CIS and SEE countries’ includes the organization of sub-regional and national workshops that aim at mainstreaming gender into all aspects of national statistical systems, and at training statisticians, policy-makers and other users of gender statistics to assess the quality and availability of data at the national and regional level.

Overall goal of the workshop:
The overall goal of this national workshop is to bring together users and producers of gender statistics to discuss the topics such as Advocacy for Gender Statistics, Time Use Surveys, Violence against Women and the Reconciliation of Family and Work life. A part of the workshop will be dedicated to sharing of national experience on the challenges and lessons learned in engendering the national statistical system.

Organizers of the workshop:

- The United Nations Economic Commission for Europe (UNECE)
- Statistical Office of the Republic of Serbia (SORS)
- UNDP Serbia

Participation:

- Representatives of the Statistical Office of the Republic of Serbia
- Representatives of gender machineries and ministries in the country
- UNDP Serbia
- International experts

Expected outcome of the workshop:

- Awareness of the importance of the collection of sex-disaggregated data will be increased
- Participants will learn about the selective gender topics
- International experience and best practices will be shared
- Action plan will be developed for improving the availability and use of gender statistics
- Networks will be established among the participants for their future cooperation.
