

# *Le rapport sur l'environnement en France*

---

# *Report 2019 on the State of the Environment in France*

MINISTÈRE  
DE LA TRANSITION  
ÉCOLOGIQUE ET SOLIDAIRE  
[www.ecologique-solidaire.gouv.fr](http://www.ecologique-solidaire.gouv.fr)

MINISTÈRE  
DE LA COHÉSION  
DES TERRITOIRES  
[www.cohesion-territoires.gouv.fr](http://www.cohesion-territoires.gouv.fr)

# What communication ?

- Conferences related to a thematic focus
- Social networks via ministry  
facebook, youtube, insta, twitter,  
Pinterest, LinkedIn...

## Goals

- Responding to the needs of users
- Be part of the ministry's Digital Strategy
- Keeping the french SOER alive between 2 releases (every 4 years)

## The future of the French SOER What is innovative ?

- From a Report to a Process
- Web-centered
- Taking the user into account

## How ?

### In What form ?

- ePUB format + digital interactive pdf
- Dedicated website for the SOER
- Some paper publications for specific events
- Infographics, videos, dataviz...

- A dedicated website constantly updated  
first brick of the futur web portal Environmental Information System
- A synthesis every 4 years  
the state of the environment in France at a given time T
- Thematic focus for an in-depth analysis  
2 to 4 /year on the priority themes defined by users  
(ex. Health, Biodiversity, Transitions...)

# *Climate change in the synthesis of SOER*

## **Part 1: The Environment in France**

### **Climate: France is warming**

A clear climatic disturbance

Warming linked to the increase in the concentration of greenhouse gases

Is France's efforts to mitigate climate change sufficient?

## **Part 2: Situation of France with regard to planetary boundaries**

### **Climate change**

Global issues

Situation of France

# **The website**

From the 17th october, the new website will be available :

<https://ree.developpement-durable.gouv.fr/>

- Some improvments will be implemented
- A part to describe statistics about climate change :  
<https://ree.developpement-durable.gouv.fr/themes/defis-environnementaux/changement-climatique/>
