

# CONTENTS

<b>EDITORIAL:</b>	
<b>Robot Based Automation with Industrial IT - a paradigm shift in industry</b> by Mr. Lars-Erik Ringström, ABB Sweden .....	ix
<b>EXECUTIVE SUMMARY</b> .....	1
<b>I INTRODUCTION</b> .....	11
I.1 Sources and methods.....	11
I.1.1 New title - extended coverage.....	11
I.1.2 Data sources and reliability of data .....	11
I.1.3 Two types of stock data .....	13
I.1.4 Interpretation of the concepts of shipments, sales and yearly supply .....	14
I.1.5 Revision of time-series data on the robot stock .....	14
I.1.6 Data coverage and where to access data for previous years .....	15
I.2 Multipurpose manipulating industrial robots: definition and classification .....	17
I.2.1 Definition (ISO 8373) and delimitation.....	17
I.2.2 Classification by industrial branches .....	21
I.2.3 Classification by application areas .....	22
I.2.4 Classification by types of robots .....	23
I.3 Service robots: definition and classification .....	25
I.3.1 Provisional definition .....	25
I.3.2 Provisional classification of service robots by application areas .....	25
<b>II WORLDWIDE DIFFUSION OF INDUSTRIAL ROBOTS</b> .....	27
II.1 Shipments (sales) in units .....	27
II.2 Estimate of the worldwide operational stock of industrial robots .....	30
II.3 Estimate of the value of the world robot market in 1995-2000 .....	33
II.4 Degree of concentration in the robot industry .....	33
II.5 Analysis of the effects of the business cycle on investments in industrial robots .....	36
II.6 The 2000 industrial robot stock, by industrial branches, in relation to value added and employment .....	39
II.7 Analysis of the development of robot density in selected countries .....	46
II.7.1 Definition of robot density.....	46
II.7.2 Measurements of robot density based on the total number of persons employed .....	46
II.7.3 Measurements of robot density based on the total number of production workers .....	50
II.8 Analysis of the stock and supply of multipurpose industrial robots in 2000 by major application areas.....	53
II.9 Analysis of the stock and supply of multipurpose industrial robots in 2000 by major industrial branches .....	59
II.10 Comparison between the motor vehicle industry and all other industrial branches .....	64
II.11 Installations of multipurpose industrial robots in 2000 by types of robots .....	64
II.12 Installations of multipurpose industrial robots with 5 axes or more .....	70
<b>III PRICES, WAGES AND EMPLOYMENT</b> .....	73
III.1 Introduction.....	73
III.1.1 Variables and indicators in selected industrial branches .....	73
III.1.2 Sources .....	73
III.1.3 Two types of price data for robotics .....	73

III.1.4	Outline of the chapter.....	74
III.2	Producer price indices for industrial robots - methodological overview.....	74
III.2.1	Characteristics of the pricing of industrial robots.....	74
III.2.2	Method of survey.....	75
III.2.3	Method for calculating a quality adjusted price index for industrial robots.....	75
III.3	Average unit price of robots in robot systems.....	76
III.4	International PPI for industrial robots.....	79
III.4.1	Without quality adjustment.....	79
III.4.2	With quality adjustment.....	79
III.5	United States - robot price and labour cost indices - wages and employment statistics.....	81
III.6	Germany - robot price and labour cost indices - wages and employment statistics.....	84
III.7	Italy - robot price and labour cost indices - wages and employment statistics.....	87
III.8	France - robot price and labour cost indices - wages and employment statistics.....	90
III.9	United Kingdom - robot price and labour cost indices - wages and employment statistics.....	93
III.10	Sweden - robot price and labour cost indices - wages and employment statistics.....	96
III.11	Republic of Korea - labour cost indices, wages and employment statistics.....	99

#### **IV THE STRUCTURE OF THE DIFFUSION OF INDUSTRIAL ROBOTS IN INDIVIDUAL COUNTRIES ..... 101**

Introduction	.....	101
Australia	.....	102
Austria	.....	108
Benelux	.....	115
Denmark	.....	117
Finland	.....	125
France	.....	133
Germany	.....	145
Hungary	.....	156
Italy	.....	157
Japan	.....	168
Norway	.....	180
Poland	.....	189
Portugal	.....	195
Republic of Korea.....	.....	198
Spain	.....	210
Sweden	.....	220
Switzerland	.....	229
Taiwan Province of China.....	.....	231
United Kingdom.....	.....	239
United States (North America).....	.....	251
All other countries.....	.....	256

#### **V FORECAST OF WORLDWIDE INVESTMENT IN INDUSTRIAL ROBOTS IN THE PERIOD 2001-2004..... 257**

V.1	Determining factors.....	257
V.2	The world economy - an overview.....	257
V.3	Assumptions.....	260
V.4	Forecasts 2001-2004.....	261
V.4.1	Historical development.....	261

V.4.2	Forecasts 2001-2004 .....	263
V.4.3	Results in the first half of 2001 .....	267
V.4.4	Comparison between forecasts for previous years and the actual outcome .....	267
<b>VI</b>	<b>THE PROFITABILITY OF INDUSTRIAL ROBOTS: ANALYSIS OF CASE STUDIES</b> .....	<b>269</b>
<b>VI.1</b>	<b>Introduction and conclusions</b> .....	<b>269</b>
VI.1.1	Introduction .....	269
VI.1.2	Benefits of Robot Automation .....	269
VI.1.3	Conclusions .....	270
<b>VI.2</b>	<b>Case study 1: Agile six-axis robots: Greater cost-effectiveness for injection moulding</b> by Mr. Jürgen Warmbold, Martfeld, Germany .....	<b>274</b>
<b>VI.3</b>	<b>Case study 2: Robots servicing injection-moulding machines</b> by Stäubli, Robotics Division, France .....	<b>277</b>
<b>VI.4</b>	<b>Case study 3: E-business and e-manufacturing at ABB's motor plant</b> by Mr. Åke Madesäter, ABB Flexible Automation, Sweden .....	<b>279</b>
<b>VI.5</b>	<b>Case study 4: Robots in the 21<sup>st</sup> century bakery - justifying an automation project</b> by Mr. Dave Watson, Pepperidge Farm, United States .....	<b>282</b>
<b>VII</b>	<b>ROBOTICS AT NESTLÉ</b> .....	<b>285</b>
VII.1	Present use of robotics at Nestlé .....	285
VII.1.1	Introduction .....	285
VII.1.2	Existing systems within Nestlé .....	285
VII.1.3	Justification for robots .....	286
VII.2	Requirement put by Nestlé on robotics .....	287
VII.2.1	Introduction .....	287
VII.2.2	Robotics versus manual operation .....	287
VII.2.3	Robotics versus mechanization .....	287
VII.2.4	Criticism and discussion on existing solutions .....	288
VII.3	How Nestlé sees future robotics use .....	288
VII.3.1	Introduction .....	288
VII.3.2	Expectations concerning robot suppliers .....	288
VII.3.3	Expectations concerning systems integrators .....	289
VII.3.4	Systems for the future .....	289
VII.4	Conclusion .....	289
<b>VIII</b>	<b>SERVICE ROBOTS</b> .....	<b>291</b>
VIII.1	Introduction .....	291
VIII.2	Diffusion of service robots .....	291
VIII.3	Major application areas for service robots .....	295
VIII.3.1	Introduction .....	295
VIII.3.2	Cleaning robots .....	295
VIII.3.3	Sewer robots .....	300
VIII.3.4	Wall-climbing robots .....	301
VIII.3.5	Inspection robots, general (power plants, nuclear sites, bridges etc.) .....	303
VIII.3.6	Demolition robots; Servicing and/or dismantling nuclear, chemical, waste, military and other hazardous complexes .....	303
VIII.3.7	Underwater robots (inspection and work class robots) .....	304
VIII.3.8	Domestic robots .....	305
VIII.3.9	Medical robots .....	308
VIII.3.10	Robots for disabled persons; Assistive robots; Wheelchair robots .....	311
VIII.3.11	Courier robots; Mail delivery robots .....	313

VIII.3.12 Mobile robot platforms .....	314
VIII.3.13 Surveillance robots; Security robots .....	315
VIII.3.14 Unmanned aerial vehicles .....	317
VIII.3.15 Guide robots .....	317
VIII.3.16 Refuelling Robots .....	320
VIII.3.17 Fire- and bomb -fighting robots .....	321
VIII.3.18 Robots in the construction industry .....	322
VIII.3.19 Robots in agriculture and forestry .....	324
VIII.3.20 Hotel and restaurant robots .....	325
VIII.3.21 Clean room robots .....	326
VIII.3.22 Laboratory robots .....	326
VIII.3.23 Nano robots, micro robots .....	326
VIII.3.24 Humanoid robots .....	326
VIII.3.25 Space robots .....	326
VIII.3.26 Entertainment robots, including toy and hobby robots .....	327
VIII.3.27 Robots in marketing .....	327
VIII.3.28 Other types .....	327

<b>Annex A</b> .....	333
----------------------	-----

Table A-1	Total accumulated yearly sales of multipurpose industrial robots in selected countries. Number of units .....	334
Table A-2	Percentage yearly change in accumulated yearly sales of multipurpose industrial robots in selected countries .....	335
Table A-3	Estimated operational stock of multipurpose industrial robots at year end in selected countries. Number of units .....	336
Table A-4	Percentage yearly change in estimated operational stock of multipurpose industrial robots at year end in selected countries .....	337
Table A-5	Estimated yearly shipments (sales) of multipurpose industrial robots in selected countries. Number of units .....	338
Table A-6	Percentage yearly change in estimated shipments (sales) of multipurpose industrial robots in selected countries .....	339

<b>Annex B</b>	Measuring service lives of industrial robots - Pilot study .....	341
----------------	--	-----

1.	Introduction .....	341
2.	Method of survey .....	341
3.	Steps taken .....	341
4.	Questions surveyed .....	342
5.	Two stock measures .....	342
6.	Results of the survey .....	342
7.	Conclusions of the survey .....	346
8.	The survival paradox .....	346
