

SIDE EVENT

Accelerating Progress through Human Rights Data and Partnerships

Friday 20th March 2020

8:30 – 9.45

Room 18, International Conference Centre Geneva (CICG)

The Political Declaration from the 2019 Sustainable Development Goals Summit called for an ambitious and accelerated response to the 2030 Agenda over the next decade: a decade focused on action and delivery.

This side event will focus on how existing human rights data, including disaggregated data, can be leveraged at national level for accelerating this progress.

It will also discuss emerging new partnerships at national level between human rights and SDG data collection and monitoring structures and how these partnerships can facilitate progress that leaves no one behind.

Moderated by:

Ms. Marcella Favretto, Chief, Sustainable Development Section, Office of the UN High Commissioner for Human Rights, Geneva

Speakers:

- **Mr. Sami Pirkkala**, Chief Specialist on Sustainable Development, Prime Minister's Office, Finland
