High-level Meeting on Transport, Health and Environment

Steering Committee of the Transport, Health and Environment Pan-European Programme

Fourth session
Geneva, 7–9 November 2016
Item 8 (c) of the provisional agenda
Managing THE PEP: THE PEP programme of work for 2016–2017

Programme of work for 2016–2017

Note by the Transport, Health and Environment Pan-European Programme secretariat

Summary

At its eleventh meeting (Geneva, 23 October 2009), the Bureau of the Transport, Health and Environment Pan-European Programme (THE PEP) Steering Committee requested the secretariat to prepare each year a detailed programme of work, showing work accomplished over the previous year and expected outputs for the forthcoming year. A draft programme of work for 2016–2017 was considered by THE PEP Steering Committee Bureau at its twenty-ninth meeting in Copenhagen in July 2016. The Committee is invited to review activities carried out in 2016 and to endorse planned activities for 2017.
I. Introduction

1. At the Fourth High-level Meeting on Transport, Health and Environment (Paris, 14–16 April 2014), member States of the Transport, Health and Environment Pan-European Programme (THE PEP) adopted the Paris Declaration, including the workplan for THE PEP for 2014–2019 (ECE/AC.21/SC/2014/6−EUDCE1408105/1.6/SC12/6.). The workplan seeks to further the achievement of the five priority goals enshrined in the Paris Declaration, which commit the United Nations Economic Commission for Europe (ECE) and the World Health Organization Regional Office for Europe (WHO/Europe) member States to pursue integrated policies aimed at achieving safe, efficient, environment- and health-friendly transport.

2. THE PEP programme of work, covering the period between the Fourth and Fifth High-level Meetings, addresses a range of activities to be pursued up until 2017. The Committee may wish to review the work carried out in 2016, endorse the planned activities for 2017 and provide guidance for their implementation.
