

Innovative Road Infrastructure for a Clean and Safe Mobility

Susanna Zammataro
Environment Project Manager
International Road Federation
Geneva, Switzerland

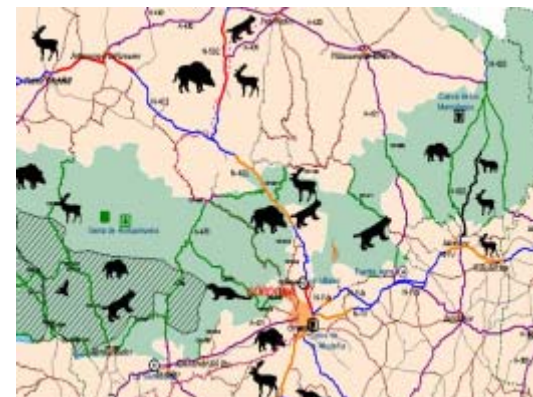

Roads are there for everybody...not just cars!

- Planning
 - SEA (Portugal)
 - GIS technology
- Design
 - SINTEF Report
 - Habitat fragmentation
- Construction
 - Pavement
 - Signalisation
 - Noise barriers
 - IRF GHG Calculator
- Maintenance
- Operation
 - ITS and TMS

The way forward ...

- Strong political will
- Greater sense of realism
- Approach maximising existing technologies and best practices
- Indicators and assessment tools (IRF GHG Calculator)
- Green rating systems
