All of the above tables appear in the FPAMR and its electronic annex
 Tables RW-6a and RW-7a are used to produce graphs for roundwood chapter but not included in annex.

We also produce worksheets for every product (66) showing production, consumption, imports, exports (by volume and value) for every country and the regions. Any data flags are shown. Each flow has the percentage and volume change for the last year. One extra product table for particleboard minus OSB.
