</table>
- Prepare 2011-2015 Secondary Products and Species Trade
- Prepare price statistics (current and historical unit value)
- Issue flat file of data 1964-2015
- Wood balance methodology and data preparation
- Possible workshop on wood balance
- Draft Engineered Wood Products Questionnaire
- Continue Conversion Factors data collection
- Follow up on Team of Specialists issues – «big bang» revision of JFSQ for next year
Accomplished
- Prepare initial list of proposed changes – 2016
- Circulate for comments and possible additions – 2016
- Review and finalize – February 2017
- Prepare for submittal to World Customs Organization (data, definitions, justification) – now

Next steps
- Present to WCO – May 2017
- Respond to issues raised – Fall 2017
- Continue to track through subsequent meetings
- HS Committee - 2019
- Wood briquettes and sawdust
- Waste wood (recovered wood)
- Engineered wood products – LVL, glulam, CLT, I-beams
- Add teak as separate item in multiple products
- Tropical window and door frames
- Non-wood forest products (nuts, mushrooms)
Key questions on statistics for guidance and discussion

The Working Party is invited to:

- Encourage members to support the revision of the Harmonised System.
- Raise any other issues concerning forest products statistics
Thank you!
