Annotated provisional agenda for the thirty-ninth session

Session to be held at the Palais des Nations (Room VII), Geneva, starting at 10 a.m. on Wednesday, 29 March 2017.

This annotated agenda provides guidance to delegates to the Joint ECE/FAO Working Party on Forest Statistics, Economics and Management on the structure of the meeting and main topics to be discussed. The Joint Working Party shall, for each work area, review and comment on the activities undertaken during the past year and the plans for the forthcoming year. Further, the Joint Working Party shall review, on an ongoing basis, the work of the Teams of Specialists and their contribution to the work areas as well as work between the Teams of Specialists to ensure the most effective and efficient implementation of their activities.

Work delivered by the secretariat since the thirty-eighth session of the Joint Working Party can be found in the background documents, which will be made available before the meeting. Presentations by the secretariat will not repeat the content of the background documents, but rather highlight main achievements by the secretariat under each work area.

The main issues to be considered during this session of the Joint Working Party are: Reports from the Teams of Specialists; Wood energy - JWEE2015 initial results and update on publication on wood energy; Harmonized Commodity Description and Coding System revision (HS 2022); Review of the Joint Forest Sector Questionnaire for 2017; Strategic Review of the Integrated Programme of Work for the ECE Committee on Forests and the Forest Industry and the FAO European Forestry Commission, including an interactive group work with the Teams of Specialists to revise their terms of references and their potential contributions to the next Integrated Programme of Work.

II. Background information

1. The Joint Working Party on Forest Statistics, Economics and Management is a subsidiary body of the ECE Committee on Forests and the Forest Industry (Committee) and the FAO European Forestry Commission (Commission).

2. The Joint Working Party contributes to the implementation of the Integrated Programme of Work of the two bodies (ECE/TIM/2013/2). It reports to the Committee and the Commission and meets annually to:
   a) Provide guidance on the implementation of all areas of the Integrated Programme of Work;
   b) Review the work of Teams of Specialists and facilitate the exchange of information on their work;
   c) Identify priorities for action and relevant emerging issues; and transmit suggested priorities and specific recommendations to the Committee and the Commission for consideration.

3. The Joint Working Party shall, for each work area, on the basis of a report from the secretariat, review and comment on the activities undertaken during the past year and the plans for the forthcoming year.

4. The Joint Working Party shall review, on an on-going basis, the work of the Teams of Specialists and their contribution to the work areas, as well as work between the Teams of Specialists to ensure the most effective and efficient implementation of their activities. This includes:
   a) Receive and discuss the reports from the Teams of Specialists in order to enhance the understanding of their activities and assess their work plans; when needed, the Joint Working Party may review and recommend updated mandates for endorsement by the parent bodies;
   b) Identify possible synergies; and facilitate the exchange of experiences between Teams of Specialists and delegations from member States;
   c) Increase the visibility and impact of the work of Teams of Specialists among member States and within the relevant bodies in the United Nations.

5. The Joint Working Party, as part of its work for the Committee and Commission, shall:
   a) Propose priorities for activities in the work areas and on relevant emerging issues;
   b) Develop, upon request from the parent bodies, methodologies for use in economic analysis of the sector, as well as techniques for collecting, validating, analysing and disseminating information and statistics;
   c) Undertake, upon request from the parent bodies, ad hoc projects on economics and statistics related to forestry, forest products and forest policies and institutions;
   d) Contribute and provide technical advice to the Committee and the Commission on issues under consideration by those bodies, including the preparation of studies on the status and future of forests, and on the forest industry such as the outlook studies and the Forest Products Annual Market Reviews;
   e) Reach out to other sectors to discuss issues of common interest, including best practices in sustainable forestry management and their impact on the overall sustainability of forests, natural resources management, and other issues such as biodiversity and climate change;
f) Work together with other international bodies, including Forest Europe, Eurostat, the International Tropical Timber Organization and the Conference of European Statisticians, with a view to coordinating activities and avoiding any duplication of effort.

III. Annotations to the Provisional Agenda

Item 1: Adoption of the agenda

6. The Chair will introduce the agenda and ask for its adoption.

Item 2: Report from the seventy-fourth session of the Committee on Forests and the Forest Industry

7. The Secretariat will present a summary of the discussions and will highlight implications for the work of the Joint ECE/FAO Working Party on Forest Statistics, Economics and Management.

Item 3: Report from the International Day of Forests “Forests and Energy”

8. The Secretariat will present on the activities undertaken by the secretariat to celebrate International Day of Forests “Forests and Energy” on Tuesday, 21 March 2017, for the consideration of the Joint Working Party and possible follow-up.

Item 4: 70 Years of the ECE-FAO cooperation on forests and forest sector

9. The secretariat will provide an overview of the history and milestones of the 70 years of the joint work of the ECE and FAO on forests and the forest sector, based on an anniversary publication. The Secretariat will present the activities related to the celebration of the 70th anniversary of the ECE-FAO cooperation, as well as the 70th anniversary of the ECE and its Committee on Forests and the Forest Industry.

Item 5: Update on the 2030 Agenda for Sustainable Development and other international policy processes with impact on forests

10. Participants of the session will be presented with the latest developments related to the 2030 Agenda for Sustainable Development, with an impact on forest statistics, economy and management. The main focus will be on the monitoring and review system of Sustainable Development Goals, which has been in the process of development since the forty-sixth session of the United Nations Statistical Commission, held in New York from 3-6 March 2015.

11. The delegates will also be briefed on the United Nations Forum on Forests work on the UN Strategic Plan for Forests (2017-2030) and the Quadrennial Integrated Programme of Work (2017-2020). The briefing will cover the outcomes of the open-ended intergovernmental Ad Hoc Expert Group meetings held in New York on 25-27 April 2016 and Bangkok on 24-28 October 2016; the UNFF Expert Meeting on Enhancing Regional and Sub-Regional Involvement in the Work of the International Arrangement on Forests in Teheran, Iran on 26-28 September 2016 and the UNFF Working Group and the Special Session meeting on 16-20 January 2017 - all leading to the UNFF12 in May 2017.
12. The secretariat will provide a short briefing on the organization led initiative of the Collaborative Partnership on Forests (CPF) in support to the United Nations Forum on Forests, held on 28 - 30 November 2016 on “Development of global forest indicators to support the implementation of the 2030 Agenda on Sustainable Development and the international agreement on forests Strategic Plan” and other developments related to forest reporting.

13. The Secretariat is planning to report on the results of the thirteenth Conference of the Parties of the Convention on Biological Diversity on mainstreaming biodiversity in the forest sector, 4-17 October 2016.

14. The Joint Working Party will be invited to consider the outcomes of these policy processes in the future work of the Joint Working Party, as appropriate. Member States are invited to share their views on possible regional work in support of the above mentioned developments.

**Item 6: Guidance on work areas**

15. Delegates are requested to review the activities of 2016 and the first quarter of 2017. They are also expected to review future work plans and indicate their support or where changes are needed. This guidance should cover both the work of the secretariat as well as the work of the Teams of Specialists.

16. The secretariat has invited each Team of Specialists to prepare a report to the Joint Working Party by 3 March 2017 and will publish these separate reports on the website of the meeting. The leader or the co-leader of each team or a member of the team are invited to present the work of their Team of Specialists under the work area.

17. Work delivered by the secretariat since the thirty-eighth session of the Joint Working Party can be found in the background documents, which will be made available prior to the meeting. The secretariat presentation “Implementation by the secretariat” will highlight only major achievements of those outlined in the background documents in order to allow for more discussion time.

18. Some highlights from the implementation by the secretariat include:

(a) **Work area 1: Data, monitoring and assessment**

19. The secretariat will update the Joint Working Party on the collaborative work and plans (by FAO, ECE, Forest Europe and other partners) for the 2020 regional and global reporting on forests and sustainable forest management (State of Europe’s Forests and Global Forest Resources Assessment).

20. The secretariat will briefly inform the Joint Working Party about the status and first results of the Game Meat Survey as well as the study on Forest Ownership in the Northern Hemisphere.

21. The Team of Specialists on Monitoring Sustainable Forest Management is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

22. The Joint ECE/FAO Forestry and Timber Section collected data on forest and wood products. The Joint Section received 38 replies to the Joint ECE/FAO/ITTO/Eurostat Forest Sector Questionnaire, 29 replies to the Timber Forecast Questionnaire (with an additional two through the European Sawmilling Organization), 22 replies for the Country Market Statements, and 8 replies to the Forest Products Conversion Factors questionnaire. The secretariat wishes to express its gratitude to the significant effort made by member States, in particular national correspondents, for this work. More detailed information about data collection will be provided in the background document prior to the meeting. Member States will be invited to comment on data collection activities.
23. The secretariat will inform the Joint Working Party about the proposals being submitted to the World Customs Organization for the next revision cycle of the Harmonized Commodity Description and Coding System (HS 2022). Countries and organizations have commented on the proposals made by the IWG and these have been taken into account in the current proposal.

24. The Team of Specialists on Forest Products Statistics is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

25. The Joint Wood Energy Enquiry was launched in October 2016 with a deadline of January 2017. The questionnaire has been slightly modified from previous versions in line with comments from the Joint Working Party, national correspondents and the Team of Specialists on Wood Energy. A capacity building workshop took place in December 2016 to provide guidance to countries on preparing their response to the questionnaire for the reference year 2015.

26. The Joint Section, with the support of the Team of Specialists on Wood Energy, drafted the first version of a publication on wood energy in the UNECE region. The publication uses the data collected through the Joint Wood Energy Enquiry 2013 as a basis for the analysis.

27. The Team of Specialists on Wood Energy is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

28. The Joint Section published the Forest Products Annual Market Review 2015-2016. Based on the data collected, this publication provides a unique assessment of recent market developments that is freely available to everyone.

29. The Team of Specialists on Sustainable Forest Products is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

30. The Joint Working Party is invited to provide feedback on the work accomplished by the Secretariat and the Teams of Specialists in Work Area 1. The Joint Working Party is further invited to provide guidance on Work Area 1 in the remaining period of the current Integrated Programme of Work and is invited to discuss potential financial and in-kind support for these activities. The discussion on Work Area 1 activities in the long term (2018-2021) is scheduled under Item 7. The Joint Working Party is invited to provide recommendations on Work Area 1 to the Committee and the Commission.

(b) Work area 2: Policy dialogue and advice

31. The Joint Section continued supporting the implementation of the Rovaniemi Action Plan for the Forest Sector in a Green Economy and dissemination of its concepts. The Rovaniemi Action Plan was presented to a broader audience, outside the forest sector, at a side event during the Environment for Europe Ministerial Conference in Batumi, Georgia on 9 June 2016, at the International Conference on the Natural Capital for the Transition to a Green Economy in Bishkek, Kyrgyzstan on 1 July 2016 and the EU Slovakian Presidency conference: Transition to the Green Economy in Bratislava, Slovakia on 7 September 2016. The Joint Section also organised a workshop on Measuring the Value of Forests in a Green Economy in Geneva on 21 October 2016. A background paper including green economy related definitions and concepts, international measuring methodologies for progress towards a green economy and natural capital assessment methods was prepared to support the discussion.

32. The Joint Section supported member States through monitoring and dissemination of information on international policy processes including: (i) the Sustainable Development Goals (SDGs), (ii) the United Nations Forum on Forests and (iii) the Forest Europe process.
The representatives of the Joint Section participated in an observer’s capacity in the following meetings: Forest Europe Expert Level Meeting in Bratislava, Slovakia on 10 - 12 May 2016; the fourth meeting of the Inter-agency and Expert Group on Sustainable Development Goal Indicators (IAEG-SDGs) in Geneva, on 15 -18 November 2016 and the Organization-led Initiative on the development of global forest indicators to support the implementation of the 2030 Agenda on Sustainable Development and the IAF Strategic Plan, held in Rome 28 to 30 November 2016.

33. During its seventy-fourth session, held in Geneva on 18 - 20 October, the ECE Committee on Forests and the Forest Industry recommended to the secretariat to continue monitoring developments and work together with other actors to provide relevant inputs to these processes and to prepare the next briefing for the upcoming session of the Joint Working Party.

34. The Team of Specialists on Forest Policy is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

35. The secretariat will inform the Joint Working Party about the outcomes of a workshop on “Streamlining the next round of Forest Sector Outlook Studies in the UNECE region” that was held on 12 and 13 December 2016 in Pushkino, Russian Federation. The workshop was proposed as an important step towards more harmonized outlook studies in the ECE region. The secretariat will coordinate with the ToS on Forest Sector Outlook to provide an update on the status of the planning, including preliminary results of global forest products projections for the U.S. and Canada (NAFSOS), and possibly the entire ECE region to 2040/2050/2060/2070 under various scenarios.

36. The Team of Specialists on Forest Sector Outlook is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

37. The Joint Working Party is invited to provide feedback on the work accomplished by the Secretariat and the Teams of Specialists in Work Area 2. The Joint Working Party is further invited to provide guidance on Work Area 2 in the remaining period of the current Integrated Programme of Work and is invited to discuss potential financial and in-kind support for these activities. The discussion on the Work Area 2 activities in the long term (2018-2021) is scheduled under Item 7. The Joint Working Party is invited to provide recommendations on Work Area 2 to the Committee and the Commission.

(e) Work area 3: Communication and outreach

38. The Joint Working Party will be informed about the Section’s contribution to global, regional and national events organized in 2016. This included the Environment for Europe Ministerial Conference and the Transition to the Green Economy conference by the Slovakian Presidency to the European Council.

39. The Team of Specialists on Forest Communication (Forest Communicators Network) is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

40. The Joint Section will organize one major event in this working area since the last session of the Working Party; the International Day of Forests 2017 on “Forests and Energy”, on 21 March 2017. On the occasion of the 70th anniversary of ECE and its cooperation with FAO in 2017, the secretariat will develop several outputs. These will comprise the 70 years’ timeline of the joint work, the publication overviewing the history of the joint programme, video greetings from ECE/FAO stakeholders and digitization and publication of historical documents. Member States will be informed about the whole portfolio of the Section’s activity in this area and invited to provide feedback on the secretariat’s work on communication and outreach.
41. The Joint Working Party is invited to provide feedback on the work accomplished by the Secretariat and the Teams of Specialists in Work Area 3. The Joint Working Party is further invited to provide guidance on Work Area 3 in the remaining period of the current Integrated Programme of Work and is invited to discuss potential financial and in-kind support for these activities. The discussion on the Work Area 3 activities in the long term (2018-2021) is scheduled under Item 7. The Joint Working Party is invited to provide recommendations on Work Area 3 to the Committee and the Commission.

42. **Work area 4: Capacity-building**

42. The Joint Section launched the project “Accountability Systems for Sustainable Forest Management in the Caucasus and Central Asia” with a regional inception workshop 15-18 November in Yerevan, Armenia. The project was accepted for funding by the United Nations Development Account (UNDA) and will be implemented 2016 – 2019 through the Joint Section. The project initiates and supports the process of developing national criteria and indicators for sustainable forest management in five target countries of the Caucasus and Central Asia region.

43. The Joint Section, in conjunction with the International Renewable Energy Agency and the support of FAO, held a workshop in Budapest in December 2016 aimed at improving the information capacity on bioenergy. Forty-five participants reviewed the background and details of the IRENA Renewables Questionnaire and the Joint Wood Energy Enquiry. They highlighted areas of difficulty in providing data.

44. In 2016 - 2017, the ToS on Green Jobs in the Forest Sector (Joint ILO/UNECE/FAO Expert Network) has worked on a study on existing occupations in the forest and has identified six thematic areas, within which exist 19 fields of activities. In addition, the ToS provided a number of presentations at different conferences and organised an inquiry on green jobs in summer 2016. The ToS supported the fifth international conference of forestry training centres held in Spain in June 2016. The team addressed the members of the Mediterranean Regional Office of the European Forest Institute about the work at their annual conference in November 2016. The ToS exchanged ideas, information and coordinated work with the Forest Europe Expert Group on Green Jobs, Education and Training Systems.

45. The Team of Specialists on Green Jobs in the Forest Sector is invited to present the outputs and impacts achieved during last year, the expected outputs and impacts for the coming year and discuss issues for the attention of the Joint Working Party.

46. The Joint Working Party is invited to provide feedback on the work accomplished by the Secretariat and the Teams of Specialists in Work Area 4. The Joint Working Party is further invited to provide guidance on Work Area 4 in the remaining period of the current Integrated Programme of Work and is invited to discuss potential financial and in-kind support for these activities. The discussion on the Work Area 4 activities in the long term (2018-2021) is scheduled under Item 7. The Joint Working Party is invited to provide recommendations on Work Area 4 to the Committee and the Commission.

**Item 7: Strategic Review of the Integrated Programme of Work, including discussion about the Terms of Reference of the Teams of Specialists in the 2018-2021 Integrated Programme of Work, and their outputs and activities**

47. The main objectives of the Strategic Review of the Integrated Programme of Work for the Committee and the Commission are to (i) evaluate the 2014-2017 Integrated Programme of Work, taking into consideration its implementation and also past experience; and (ii) develop a proposal for the Integrated Programme of Work for 2018-2021.
48. For the purpose of the Strategic Review the secretariat prepared a comprehensive questionnaire, aimed at assessing and assimilating the views of member States and stakeholders regarding the Integrated Programme of Work. The first draft of the new Integrated Programme of Work, developed on the basis of the questionnaire’s results, was discussed at the workshop on “The Strategic Review of the Integrated Programme of Work (IPoW) for ECE COFFI and FAO EFC – Expert Workshop on the first draft of the IPoW 2018-2021”, held on 31 November 2016 in Geneva. The second draft of the Integrated Programme of Work will be shared with all member States and relevant stakeholders in February 2017. Based on the comments received, the secretariat will develop the advanced draft of the Integrated Programme of Work, which will be presented to the Joint Working Party for review.

49. Participants of the November workshop urged the secretariat to better engage the teams of specialists in the review process. The Secretariat, in response to the guidance obtained, will organize an interactive session between the Joint Working Party and the Teams of Specialists. The Joint Working Party is further invited to provide guidance on how to organize the ToS work more efficiently within the existing resources, or help identify additional resources.

50. The Joint Working Party is invited to review and discuss the advanced draft, including the scope, structure and content of the Integrated Programme of Work, as well as the Terms of Reference of the joint Committee and Commission subsidiary bodies. The Joint Working Party is invited to provide recommendations to the Committee and the Commission.

**Item 8: Any other business**

51. At the time of submission of this document, the Secretariat had no matters for discussion under this item. Delegates should feel free to raise issues that are of concern prior to or when this agenda item is discussed.

**Item 9: Date and place of next meeting**

52. The secretariat proposes to organize the next session in March 2018 in Geneva, Palais des Nations. The secretariat proposes that the fortieth session of the Joint ECE/FAO Working Party on Forest Statistics, Economics and Management could be organized around the International Day of Forests that will be held on 21 March 2018. Delegates are invited to discuss the idea, dates, as well as the structure of the Joint Working Party session in 2018.

**Item 10: Election of officers**

53. The Joint Working Party is expected to elect a Chair and two Vice-Chairs, who will hold their office until the fortieth session. At its thirty-eighth session, the Joint Working Party elected Mr. J. Prestemon (United States of America) as Chair, Mr. J. Hangler (Austria) and Mr. M. Dieter (Germany) as Vice-Chairs to hold office until the end of the thirty-ninth session.

**Item 11: Adoption of the report**

54. The Joint Working Party will be invited to adopt the report of its session on the basis of a draft prepared by the secretariat.
IV. Tentative timetable

55. The thirty-ninth session of the Joint ECE/FAO Working Party on Forest Statistics, Economics and Management will take place from 29 to 31 March 2017. The Teams of Specialists on Forest Products Statistics and Sustainable Forest Products will meet on Tuesday, 28 March 2017. The secretariat proposes the following tentative timetable:
