Next steps (Presentation Geneva 2009)

» Call for comments in accordance to the proposal of the Common Regulatory Objectives (CRO)

» in doing this members should involve national groups of stakeholders (especially in industry) properly

» if there is a need to get deeper information (e.g. by a workshop) on national level SIEEE officers are happy to give assistance (training courses for regulators)

» next Sector Project Meeting August 2010 in Berlin parallel to the IECEx-meeting

1. Project Plan: Convergence of Technical Regulations
2. Market Surveillance Activities
Plan: Promote SIEEE to various regions of interest by means of **Workshops**

Outputs:
- Comprehensive description of the methodology of the system
- Guidance documents for the various stakeholders (Regulators, Market Surveillance, Manufacturer, Operator, Inspection bodies)

Steps:
- Looking for partner and funds (~300,000 $)
- Starting as soon as possible, duration of the Project about 2 years
- Organization of the Workshops (Meet local contact partner and prepare a marketing plan, …)
- Preparations of the Documents (Guides, Action plans, …)
2. Market Surveillance Activities

CRO Part 6: Market surveillance

» A Market Surveillance network specialized in Ex-Equipment is to be formed and operated (UNECE-ExMars)

» For critical non-conformance of Ex-Equipment an Alert-System is necessary

Ex - Market Surveillance Concept based on the general concept on the „MARS“ Group
