Recommendations on regulatory cooperation and standardization policies

Working Party on
Regulatory Cooperation and
Standardization Policies

■ Methodological Studies and Education¹

The Working Party on Technical Harmonization and Standardization Policies has agreed to recommend that:

- I.1** ECE Governments should, in collaboration with appropriate intergovernmental and other organizations and taking into account the activities of the International Organization for Standardization (ISO) and the International Electro-technical Commission (IEC), consider the possibility of encouraging:
- (a)** the introduction of the subject of standardization into the scientific and technological curricula of educational establishments;
 - (b)** the education and training of specialists in standardization;
 - (c)** the further study in depth of the methodology of standardization supported by international collaboration.

¹ Recommendation adopted in 1970.
