Economic Commission for Europe

Administrative Committee for the TIR Convention, 1975

Fifty-ninth session

Geneva, 8 October 2014

Item 4 (a) (ii) of the provisional agenda

Activities and administration of the TIR Executive Board:

Activities of the TIR Executive Board –

Monitoring the prices of TIR Carnets

Monitoring the prices of TIR Carnets

I. Background

1. Since the entry into force, on 1 January 2012, of the amendments to Annex 9, Part I of the TIR Convention, 1975, one of the obligations of national associations is to provide the TIR Executive Board (TIRExB), annually, as per 1 March, with the price of each type of TIR Carnet it issues. The Committee, at its fifty-seventh session, established, inter alia, that one of the tasks of TIRExB is to provide full transparency in applying the TIR Convention. As a consequence any data such as, but not limited to, the prices of TIR Carnets should, as a rule, be made publicly available, unless there were justified arguments for not doing so. Considering that the international organization and the national associations are required within the context of an international legal instrument to submit information to TIRExB or the TIR Administrative Committee, this information belongs to the public domain. Consequently, any mention of a disclaimer or limitation in the distribution by national associations should be disregarded. This position was supported by the International Road Transport Union (IRU).

2. At the request of TIRExB, the secretariat prepared document ECE/TRANS/WP.30/AC.2/2014/9, containing the prices of each type of TIR Carnet issued by national associations, for information of the Committee.

II. Information received

3. In 2012, the secretariat received information from 10 associations. In 2013, 47 associations provided TIRExB with data on the price of TIR Carnets they issue. To date, 49 associations have provided TIRExB with the 2014 prices of each type of TIR Carnet that they issue. The national associations of Morocco, Syrian Arab Republic and Tajikistan did

not provide the 2014 TIR Carnet prices, despite the fact that IRU issued TIR Carnets to them in 2013.

4. The prices received for 2012, 2013 and 2014, converted into United States dollars¹, are presented in Annexes A, B and C.

III. Considerations by the Committee

5. In view of the above, the Committee may wish to take note of the prices presented in the Annexes and, possibly, consider them within the context of its discussions on the function of TIRExB to monitor the prices of TIR Carnets. Finally, the Committee may wish to request the list of prices to be published on the TIR website.

¹ The conversions to the United States dollars (USD) are made on the basis of the official United Nations exchange rates of the month when the price information was sent.
