

SEED Project – Cost of Implementaion

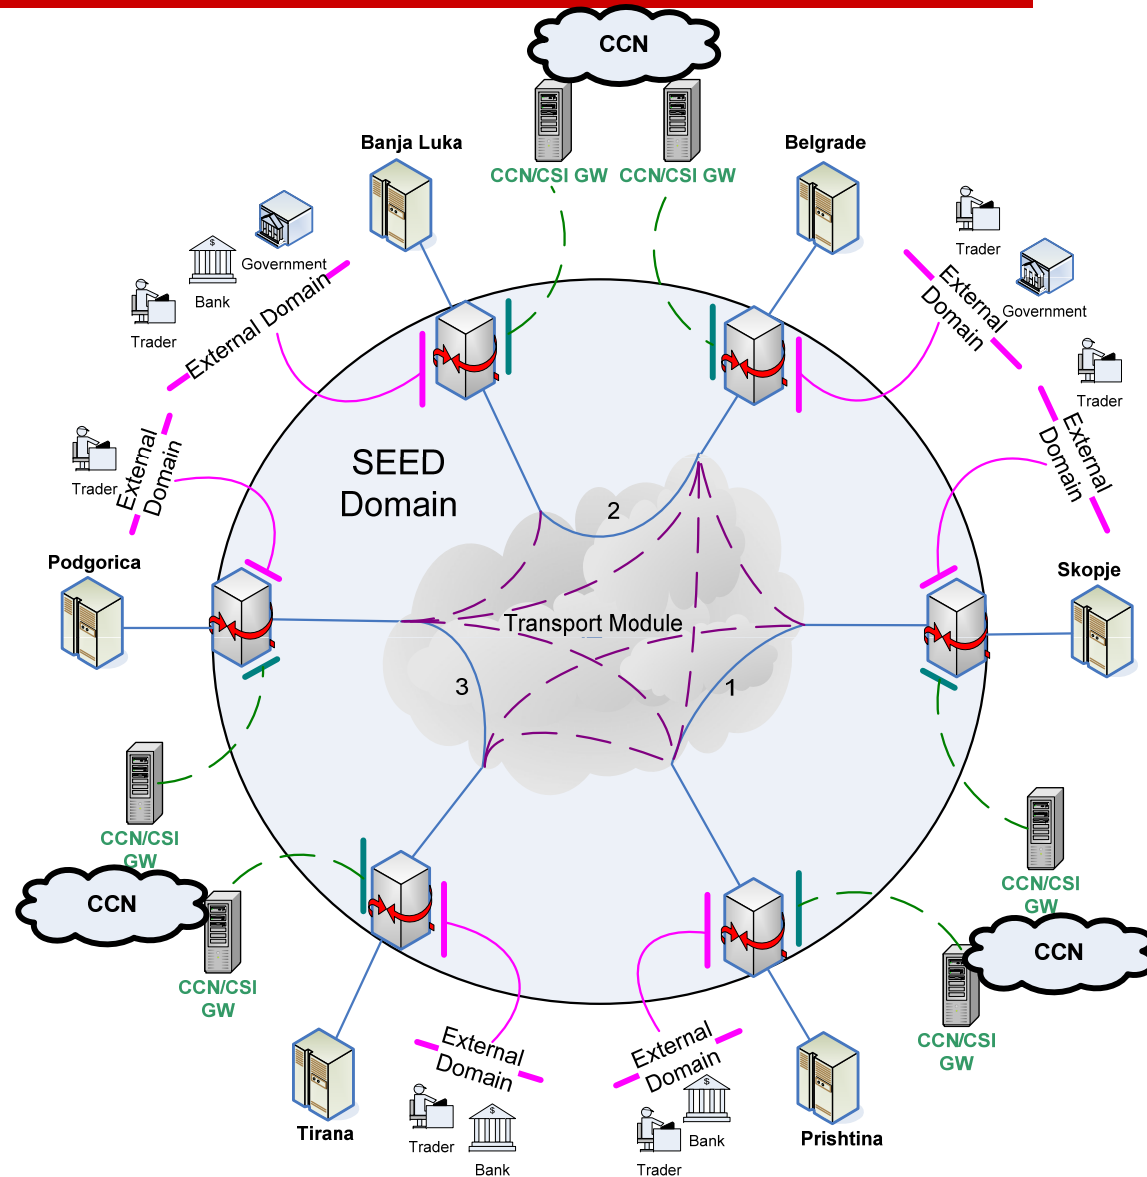

About Project

- Funded by European Commission
- Started in May 2008
- Participants: Six Beneficiary Administrations (AL, BA, MK, MN, RS and UNMIK/Kosovo)
- Overall Objectives:
 - Sustaining the administrative capacity in the area of exchange of information
 - Familiarising the BA's with the concept of the electronic exchange of data as required by EC
 - Establishing a “bridge” in administrative co-operation
- Background:
 - Exchange of information by means of paper Customs Information List (CIL)

User Requirements

- Automatic exchange of:
 - Customs Declaration data (export and transit, including TIR);
 - Border crossing of Empty Trucks;
 - Simplified procedures;
- Minimum and maximum data set
- Common system design – Regional level;
- Implementation on a bilateral basis
- Several phases:
 - CIL data exchange (minimum data set);
 - Pre-arrival information exchange;
 - Data matching module;
 - Risk analysis on pre-arrival information
 - Alarming module;
 - Analysis and statistics module;
 - Integration into national Customs' IS
 - Data exchange with other domains (industry, government, CCN/CSI etc.)

Complete Project

Basic technical information

- Same platform regardless heterogeneous Customs' IS
- Modular concept
- System components:
 - CIL Database with XML Reader module;
 - Web application providing interactive CIL data preview and update by authorised users;
 - Transport module – communication and routing component providing secure (encrypted) transport of XML messages between SEED systems deployed with different BAs in the region. The communication channel is implemented using TCP/IP and HTTP(S) protocols. MSMQ as transport method.
 - Data Matching and Analysis Module
- Multi – language support
- Expandable and extensible

Cost of implementation - EU contribution

- Duration: **12** months
- Long time experts (**3**):
 - Local experts
 - **220** working days each
 - Project Coordination, Operations Management, Technical Support
- Short time experts (**3**):
 - Local experts
 - **75** working days each
 - Writing of the Design Documentation, Programming – MS SQL Database and services, Transport Module, Web application
- **1** Server (database, application, web - around **1.500€**)
- Licenses (OS, DB Server)
- Workshops (**3**)
- Number of meetings in BAs

Cost of implementation - beneficiary contribution

- System design
- Development (procedures for creating and sending XML files from Customs' system to SEED system): **35** working days
- Communication infrastructure (SCA Wan)
- Maintenance
 - Backup (automatic)
 - Update (automatic)
 - System support (administration, deployment of new versions,...): at most **10** working days / year

Web application – Pre Arrival information

SYSTEMATIC ELECTRONIC EXCHANGE OF DATA

Funded by the European Commission

My Page

CIL Records

- Pre Arrival Empty Trucks (INCOMING)
- Register NEW INCOMING Empty Truck
- Registered INCOMING Empty Trucks
- Empty Trucks (OUTGOING)
- Register NEW OUTGOING Empty Truck

Pre Arrival

- Full Trucks
- Simplified procedures e-TIR

Domestic

- Full Trucks
- Simplified procedures e-TIR

⏪

Benefits

- Administrative capacity building:
 - Prevention: smuggling, undervaluation, corruption;
 - Improvement: Risk Analysis/Profiling, Technical (IT) capacity ;
 - Acceleration of customs procedures & Facilitation of legitimate trade.
- Regional Cooperation:
 - Cross-border and inter-agency cooperation and communication (IBM);
 - Sustainability in administrative cooperation;
 - Reduce security risks in the Region.
- EU Integration Perspective:
 - Interoperability/Interconnectivity exercise for all BAs;
 - One step towards paperless customs (e-customs);
 - Possibility for communication with EC SPEED, Common Domain or eTIR.

GUIDELINES FOR CREATION OF XML FILES (V 1.1)

by Željko Djajic

07/02/2011 14:27

Updated version (V 1.1) of document "Guidelines for creation of XML files" has been uploaded to the "Creation of XML files" Library.

Release notes: all noticed formal errors are resolved and document is updated according to final number and structure...

REPORT BUGS ON SEED PILOT ACTIONS

by Željko Đajić

26/01/2011 15:35

In case of ANY problem in SEED bilateral data exchange (currently operational Pilot Actions), please report to us on [Open Issues](#) (BUG reports).

We will do our best to provide any kind of support ASAP.
