**Economic Commission for Europe****Inland Transport Committee****Working Party on Customs Questions affecting Transport****133rd session**

Geneva, 5–8 February 2013

Item 5 of the provisional agenda

**Terms of Reference and Rules of Procedure of the Working Party****Amendment to the draft Terms of Reference of the Working Party****Transmitted by the Government of Iran (Islamic Republic of)**

1. At its 130th session, the Working Party adopted, as a basis for further consideration, the draft Terms of Reference (ToR) of WP.30 (ECE/TRANS/WP.30/2011/10), subject to a few modifications. The delegation of Iran (Islamic Republic of) was of the view that the draft ToR did not properly distinguish between the competencies of the Working Party and those of the various Administrative Committees, mentioned under item 1 (n) of ToR, and submitted to the secretariat modifications to this effect. The Working Party requested the secretariat to issue this contribution as an official document for discussion at the present session (ECE/TRANS/WP.30/260, paras. 42 and 43). Following this request, the secretariat had issued document ECE/TRANS/WP.30/2012/5.

2. At its 131st session, the Working Party considered document ECE/TRANS/WP.30/2012/5 by Iran (Islamic Republic of), proposing modifications to the draft Terms of Reference (ToR) of WP.30 (ECE/TRANS/WP.30/2011/10) adopted at the 130th session as a basis for further consideration. The delegation of Iran (Islamic Republic of) pointed out that the aim of its proposal was to provide a distinction between the competencies of the Working Party and those of the Administrative Committees under item 1 (n) of the ToR, in particular the TIR Administrative Committee, as well as to introduce a certain hierarchy where the above Administrative Committees would take the lead. Several delegations raised concerns on the proposed amendments, in particular paragraphs (f), (g) and (h), and were of the view that, if accepted, such modifications could undermine the important role of WP.30 as an intergovernmental forum for negotiations and could leave aside some of its major activities. The secretariat clarified that WP.30, being a United Nations Economic Commission for Europe (UNECE) Working Party under the umbrella of Inland Transport Committee (ITC), and the Administrative Committees, being treaty bodies, function on different legal bases and are completely independent of each other. The

delegation of the Islamic Republic of Iran underlined that this was the first time that the draft Terms of Reference for WP.30 were prepared and that the purpose of the proposed amendments was not to limit the mandate of Working Party but to clarify the different roles of the Administrative Committees of the Conventions and WP.30. As a result of the discussion, the Working Party was not in a position to support the changes as currently proposed in document ECE/TRANS/WP.30/2012/5 and took note that the delegation of Iran (Islamic Republic of) would submit a revised proposal for consideration at the 132nd session of WP.30 (ECE/TRANS/WP.30/262, para. 40).

3. At its 132nd session, the Working Party briefly considered the revised proposals by Iran (Islamic Republic of) (ECE/TRANS/WP.30/2012/5/Rev.1), delivered preliminary remarks, also of a linguistic nature, and suggested that these remarks be incorporated into the document. Because document ECE/TRANS/WP.30/2012/5/Rev.1 was available in English only, WP.30 requested the secretariat to ensure its translation into Russian and French for consideration at the 133rd session. Delegations were invited, once translations would become available, to study the proposals and submit their comments to the secretariat for consolidation (ECE/TRANS/WP.30/264, para. 4). In line with the above request, the secretariat has issued the present document which contains the latest version of the proposals by the delegation of Iran (Islamic Republic of). The deletions to the original text of ToR (ECE/TRANS/WP.30/2011/10) are given in ~~strike through~~ while additions are shown in **bold**.
