Economic Commission for Europe**Inland Transport Committee****Working Party on Customs Questions affecting Transport****136th session**

Geneva, 4–7 February 2014

Item 10 of the provisional agenda

Programme of work and biennial evaluation**Programme of Work and Biennial Evaluation, 2014–2015****Note by the secretariat****I. Mandate**

1. In accordance with the decision of the Inland Transport Committee to review its programme of work every two years, the next review being in 2014 (ECE/TRANS/200, para. 120), the Working Party on Customs Questions affecting Transport (WP.30) is requested to review and adopt its programme of work for 2014–2015 as well as the relevant parameters allowing for its biennial evaluation.

II. Programme of work for 2014–2015**A. Introduction**

2. The present document sets out the draft programme of work of the Inland Transport Committee's subprogramme on Customs questions affecting transport for the biennium 2014–2015. The Working Party is invited to consider the programme for adoption at its current session. It will then be submitted to the Inland Transport Committee (ITC) and the Economic Commission for Europe Executive Committee for formal approval. The Working Party and the Inland Transport Committee will have the opportunity to adjust its programme of work during the course of the biennium, to be reflected in a separate document.

3. The draft programme of work applies a results-based approach. It comprises, for each cluster of activities an expected accomplishment and a list of outputs/activities proposed to be carried out in 2014–2015. The delivery of these outputs/activities is expected to contribute to achieving the expected results.

4. The grouping of activities into clusters is exactly the same as that used by the Inland Transport Committee for the biennial evaluation of its subprogramme performance.
5. The following clusters of activities make up the United Nations Economic Commission for Europe (UNECEs) subprogramme on Transport:

<i>Cluster No.</i>	<i>Subprogramme: 02 Transport</i>
1.	Overall coordination (Inland Transport Committee and Bureau)
2.	Transport trends and economics (including Euro-Asian transport links)
3.	Harmonization of vehicle regulations, climate change and intelligent transport systems (ITS)
4.	Rail transport (Trans-European network for rail (TER) Project)
5.	Inland waterway transport
6.	Intermodal transport and logistics
7.	Customs questions affecting Transport
8.	Transport, Health and Environment Pan-European programme (THE PEP)
9.	Transport of dangerous goods (UNECE)
10.	Transport of dangerous goods (ECOSOC)
11.	Globally Harmonized System for the Classification and Labelling of Chemicals (GHS) (ECOSOC)
12.	Transport of perishable foodstuffs
13.	Transport statistics
14.	Road transport and Trans-European north-south motorway (TEM) project
15.	Road traffic safety

6. Furthermore, the outputs/activities listed in this document correspond with the UNECE proposed programme budget for 2014–2015. If necessary, they are complemented by additional items to reflect more recent developments and needs of UNECE member States. For easy reference, such new outputs/activities are clearly indicated as “additional”.

7. The outputs/activities have been listed under the cluster of activities to which they belong according to the following main categories: (a) meetings and related parliamentary documentation; (b) publications and other information material and (c) technical cooperation, including seminars, workshops, training sessions and advisory services.

8. The relevant indicators of achievement, together with baseline and target data, against which performance will be measured, are presented in section II of this document.

9. The present document is based in substance on the programme of work for 2012–2013 as adopted in 2013 by the Inland Transport Committee (ECE/TRANS/2012/9/Rev.1).

B. Objective and strategy

10. The objective of the UNECE subprogramme of transport is to facilitate the international movement of persons and goods by inland transport modes and improve safety, environmental protection, energy efficiency and security in the transport sector to levels that contribute effectively to sustainable transport.

11. The responsibility for the subprogramme is vested in the Transport Division.

C. Outputs/activities to be delivered in the 2014–2015 biennium

Subprogramme: 02 Transport

Cluster 7

Customs questions affecting transport

III. Biennial Evaluation

12. In February 2010, the Inland Transport Committee approved the performance planning for evaluation of the biennium 2010–2011 (ECE/TRANS/2010/7). As part of the

biennial evaluation, the activities of the Working Party are measured against one expected accomplishment, two indicators of achievement and corresponding performance measures.

13. The Working Party may wish to review these parameters as well as the actual performance measures for 2012–2013 as provided below with a view to either maintaining them or establishing new ones for the biennium 2014–2015. In particular, WP.30 is invited to consider, as other indicators of achievement, the annual number of distributed TIR Carnets and the number of comments/examples of best practice adopted by WP.30 and/or AC.2.
