Revision of the Convention

Amendment proposals for the Convention

Transmitted by the European Community (EC)

I. BACKGROUND

1. In annex this document contains a draft of the European Community for amending the TIR Convention. It should be pointed out that this draft incorporates, as much as possible, the amendment proposals that have already been tabled including, of course, the European Community's proposals set out in previous documents. Other proposals for amending the TIR Convention are currently under discussion within the European Community and this might be a reason of further changes or amendments proposals.
Annex

Article 8

1. The guaranteeing association shall undertake to pay the import or export duties and taxes, together with any default interest, due under the Customs laws and regulations of the country in which an irregularity has been established in connection with a TIR operation. It shall be liable, jointly and severally with the persons from whom the sums mentioned above are due, for the payment of such sums.

7. Deleted

Article 11

1. Where a TIR operation has not been discharged the competent authorities shall:

(a) notify the holder of the TIR carnet in writing of the non discharge, as soon as possible; and

(b) notify the guaranteeing association of the non discharge within a period of one year from the date of acceptance of the TIR carnet by those authorities. In cases where the certificate of termination of the TIR operation was obtained in an improper or fraudulent manner the period for notification shall be two years.

Explanatory Note to Article 11, paragraph 1

0.11-1 The notifications to the TIR Carnet holder and the guaranteeing association should be sent at the same time.

Comments to Article 11, paragraph 1

Time limit for notifications

As regards the time limit for the notification to the national guaranteeing association of non-discharge of TIR carnets the date of receipt but not the date of dispatch is the decisive one. However, the method of proof of notification is left to the customs administrations concerned (registered mail, for example being one example of proof of reception). If the time limit is exceeded the national guaranteeing association is not liable any more.

Notification to the TIR Carnet holder

The requirement of notification to the TIR Carnet holder could be fulfilled by transmission of a registered letter.
2. Where the payment of the sums mentioned in Article 8, paragraph 1 becomes due, the competent authorities shall, so far as possible, require payment from the person or persons directly liable for the payment of the sums before making a claim against the guaranteeing association.

Explanatory Note to Article 11, paragraph 2

0.11-2 The efforts to be made by the competent authorities to require payment from the person or persons directly liable shall include, at least, the transmission of the claim for payment to the TIR Carnet holder or the person(s) directly liable, if different.

Comment to Explanatory Note 0.11-2

Identification of person or persons directly liable

In the majority of cases it should be envisaged that the person directly liable for the payment of the sums due shall be the TIR Carnet holder. However, and without prejudice to national legislation, other parties may also be identified as being directly liable; these parties could include the person(s) who unlawfully removed the goods from the sealed compartment of the road vehicle or who participated in the removal.

3. Having complied with the requirements of paragraph 1 (a) and (b) and paragraph 2, the competent authorities shall have the right to claim payment of the sums mentioned in Article 8, paragraph 1 from the guaranteeing association.

4. The claim for payment of the sums referred to in Article 8, paragraph 1 shall be made to the guaranteeing association at the earliest three months after the date on which the association was notified that the operation had not been discharged or that the certificate of termination of the TIR operation had been obtained in an improper or fraudulent manner and at the latest not more than two years after that date. However, in cases which, during the above-mentioned period of two years, become the subject of legal proceedings, any claim for payment shall be made within one year of the date on which the decision of the court becomes enforceable.

Explanatory Note to Article 11, paragraph 4

0.11-4 In deciding whether or not to release the goods or vehicle, competent authorities should not, when they have other means in law of protecting the interests for which they are responsible, be influenced by the fact that the guaranteeing association is liable for the payment of duties, taxes and default interest payable by the holder of the Carnet.
Comment to Article 11, paragraph 4

Claim for payment of duties and taxes

Before making a claim against the guaranteeing association the competent authorities might have the opportunity to make full use of the time scales offered under this article in order to identify the person or persons directly liable.

The claim for payment should be supported by copies of the relevant documentation required to demonstrate the justification and validity of the claim. In cases where part of the goods has been subject to an irregularity, the competent authorities should apportion the claim for payment of the evaded duties and taxes referred to in Article 8, paragraph 1 accordingly.

Without prejudice to any national provisions concerning the right of appeal, should the guaranteeing association obtain alternative proof of the termination of the TIR operation it should refer that proof to the competent authorities who notified the non discharge of the TIR operation.

5. The guaranteeing association shall have a period of three months, from the date when a claim for payment is made upon it, in which to pay the amount claimed or, in accordance with the laws of the Contracting Party concerned, to contest the claim.

Explanatory Note to Article 11, paragraph 5

0.11-5 If a guaranteeing association is asked, in accordance with the procedure set out in this Article, to pay the sums referred to in Article 8, paragraph 1, and fails to do so within the time limit of three months prescribed by the Convention, the competent authorities may rely on national regulations in requiring payment of the sums in question because what is involved in such cases is a failure to carry out a contract of guarantee entered into by the guaranteeing association under national law. The three month time limit also applies in the event that the guaranteeing association, on receipt of the claim, consults the international organization referred to in Article 6.2 over its position concerning the claim.

6. The sums paid shall be reimbursed to the guaranteeing association if, within a two year period following the date on which the claim for payment was made, it has been established to the satisfaction of the competent authorities that no irregularity was committed in connection with the TIR operation in question.

Explanatory Note to Article 11, paragraph 6

0.11-6 The two year time limit prescribed in Article 11 paragraph 6 may be extended in accordance with national legislation or administrative practice.

Should the Administrative Committee decide to revoke the organization the decision will become effective at the earliest six (6) months after the date of revocation.

5. The authorization of an international organization under the terms set out above shall be without prejudice to that organization’s responsibilities and liabilities under the Convention.
