4. RELEVANCE OF RAILWAYS IN THE TRANSPORT MARKET

At its last session, the Working Party asked the representative of the Union of International Railways (UIC) to present a contribution on the relevance of railways in the transport market, comparing the concepts of *market-share* and *modal split* (TRANS(SC.2/192, para. 16).

Following this request, the UIC has sent document TRANS/SC.2/2000/1. The Working Party is invited to discuss the contents of the document and, in particular, to consider whether it could serve as a basis for the development of a set of recommendations by the Working Party, based on the comments from the member countries.

5. DETERMINATION OF RAILWAY INFRASTRUCTURE CAPACITY INCLUDING ASPECTS RELATED TO THE FEE FOR THE USE OF THE INFRASTRUCTURE

Following the request of the Working Party, Governments have provided information on the progress made in the determination of fees for the use of the infrastructure, particularly on the following items (TRANS/SC.2/192, para.19):

- (a) Legal status for railway infrastructure managers.
