

**Working Party on the Transport  
of Dangerous Goods**  
(Sixty-ninth session,  
Geneva, 13-17 November 2000)

**NEW PROPOSAL FOR THE „CERTIFICATE OF APPROVAL FOR VEHICLES ...“**

**Proposal submitted by the Government of Germany**

<b>Summary</b>	
<b>Executive summary:</b>	The proposal is made to bring the Certificate of Approval (old Appendix B.3) into line with the restructured ADR.
<b>Action to be taken:</b>	Change 9.1.2 (Certificate).
<b>Related documents:</b>	TRANS/WP.15/161, paras 64-66, TRANS/WP.15/159, Add. 11 and INF No.7.

**Introduction**

When restructuring work on the ADR was done, the certificate of approval (old Appendix B.3) was not fully brought into line with the restructured wording of the ADR.

At the meeting of ECE/WP.15 in May 2000, the NL delegation indicated this problem (INF No. 7) and it was decided to convene a special meeting to discuss this item. The meeting, which was chaired by Mr Lauer (D), took place in Stuttgart on 4/5 October 2000.

Short report see Annex.

The working group unanimously agreed at the Stuttgart meeting that the amendment was to be included in the restructured ADR without delay because it will no longer be possible to use the old certificate.

**Proposal**

Change 9.1.2 (Certificate).

**Justification**

It is no longer possible to use the old certificate because it was not fully brought into line with the new ADR.
