CHAPTER 9.2

COMBUSTION HEATERS

Transmitted by the Government of France

SUMMARY

Executive summary: The purpose of this proposal is to introduce a reference to Directive 2001/56/EC
Decision to be taken: Amend 9.2.4.7.1
Related documents: TRANS/WP.15/R.349, TRANS/WP.15/138, 142, 150 and 153

When provisions concerning combustion heaters were introduced into ADR, it was proposed that reference should be made to European Directive 78/548 for matters concerning the technical requirements.

In view of the revision of this directive, WP.15 decided to introduce this reference only when the new text was available and meanwhile to reserve the provisions of ADR (see marginal 220 536(1) or 9.2.4.7.1 which are reserved).

The new directive is now available (Directive 2001/56/EC of 27 September 2002) and the Government of France therefore proposes to refer to it in Chapter 9.2 as follows.

Proposal

Add the following text to 9.2.4.7:

“9.2.4.7.1 The technical requirements of Directive 2001/56/EC* shall be complied with.

* Directive 2001/56/EC of the European Parliament and of the Council of 27 September 2001 relating to heating systems for motor vehicles and their trailers (initially published in the Official Journal of the European Communities No. L292 of 9 November 2001).”
