(Nineteenth session, 6-7 May 2003, agenda item 5)

**CONSIDERATION OF PROPOSALS FOR AMENDMENTS
TO ANNEX 1 OF THE AGR**

Transmitted by Germany

The Federal Ministry of Transport, Building and Housing of Germany proposes the following amendment to the E 441:

Extension of E 441 to Hof.

New overall reference:

E 441 Chemnitz – Plauen - Hof

Map attached on page 3.

Explanation

After the reunification of Germany, the federal motorway A 72 from Chemnitz to the federal motorway A9 near Hof was completed for through traffic and thus supplements the federal motorways by a further important west-east link – also for international traffic.
