RESEARCH ACTIVITIES IN THE FIELD OF RAILWAY TRANSPORT

Addendum 1

Transmitted by the Belarusian Railways

Research activities in the field of rail transport on the Belarusian Railways are being pursued in accordance with the research and development plans approved by the Council for Railway Transport of the CIS countries, as well as on a bilateral basis through the conclusion of agreements with higher educational establishments, institutes of the National Academy of Sciences of the Republic of Belarus and with the R & D bureaux of the Ministry of Transport of the Russian Federation.
