

PROPOSAL FOR DRAFT AMENDMENT TO A NEW REGULATION No. xxxx

(Complex electronic vehicle control systems)

Transmitted by the expert from Germany

**A. PROPOSAL**

Insert new paragraph 5.2., to read:

**"5.2. The requirements of annex 3 are deemed to be fulfilled if the complex electronic control systems regarding braking and steering equipment are already type approved according Regulation 13, 13H and 79."**

\* \* \*

**B. JUSTIFICATION**

The purpose of this amendment is to avoid double type approval activities, if a complex electronic control system among others for braking and steering equipment is already type approved according the draft of a new regulation on complex electronic control systems affecting the direct vehicle control by the driver (TRANS/WP.29/GRRF/2003/27).
