agenda item 1.2.2.)

Proposal for draft amendments to Regulation No. 107

("Sleeping coaches")

GRSG discussed the approval problems of sleeping coaches at its 89th and 90th sessions. Hungary had prepared informal document No. GRSG-90-3, which was discussed at 90th session and distributed as ECE/TRANS/WP.29/GRSG/2006/25 for consideration at the current (91st) session. Taking into account the comments received from experts, an alternative proposal is given below:

Insert a new paragraph 1.2.5., to read:

"1.2.5. Sleeping coaches. A sleeping coach means specially designed vehicle for the carriage of lying/sleeping passengers on beds. If a coach is equipped with seats being transformable into beds, this coach is covered by the scope, but only with seating arrangement. (No arrangement with one bed position is covered by the scope)."
