PROPOSAL FOR CHANGES IN ECE R17 – strength of seat & seat anchorages for passenger cars

1.0 Correction to cl 1.2.2 of Annex 6 – head impact test

1.1 The clause should be corrected by deleting the words as follows:

The head form shall be fitted with two accelerometers & a speed measuring device, all capable of measuring values in the impact direction.

1.2 Justification – In all the head impact tests, speed measuring device is not a part of headform. It is an external stationary system with optical / non optical beams being used popularly.

2.0 Inclusion of text to cl 1.3.2 to Annex 6 – head impact test

2.1 Include the following text – an external speed measurement system shall be placed to record the impactor speed before the impact. The accuracy of the recording instrument should be as follows:
