

Proposal for collective amendments to Regulations Nos. 13 and 13-H
regarding the reference to standard ISO 9128

The secretariat has recently been informed that standard ISO 9128 regarding graphical symbols for designated brake fluid types had been updated and that the references in Regulations Nos. 13 and 13-H should be aligned with the new edition. The expert from ISO confirmed the publication of the second edition of ISO 9128 in 2006.

A. Proposal for an amendment to Regulation No. 13

Paragraph 5.2.1.12., the reference to "ISO 9128:1987", amend to read "ISO 9128:2006"

B. Proposal for an amendment to Regulation No. 13-H

Paragraph 5.2.13., the reference to "ISO 9128:1987", amend to read "ISO 9128:2006"
