Note: The text reproduced below was prepared by the expert from OICA in order to amend document TRANS/WP29/GRSG/2008/23. The modifications to the original proposal are marked in bold and strikethrough.

A. PROPOSAL

Annex 3, paragraph 7.6.2.3., amend to read:

"7.6.2.3. The exits (on each deck in the case of a double-deck vehicle) shall be placed in such a way that their number, ~~from the mandatory minimum number~~, on each of the two sides of the vehicle is substantially the same. (This shall not imply the need to provide additional exits over and above the number specified in paragraph 7.6.1.). **Any exits above the required minimum number need not be substantially balanced on each of the two sides.**"

B. JUSTIFICATION

OICA with this proposal hopes to support the Russian Federation in its original intention, while in the same time clarifying the text of the regulation.
