and on the Globally Harmonized System of Classification  
and Labelling of Chemicals****Sub-Committee of Experts on the Transport of Dangerous Goods****Thirty-eighth session**

Geneva, 29 November–7 December 2010

Item 3 of the provisional agenda

**Explosives and related matters****Division 1.4S Cartridges for tools proper shipping name****Transmitted by the Sporting Arms & Ammunition Manufacturers'  
Institute (SAAMI)<sup>1</sup>****Introduction**

1. At the thirty-seventh session of the Sub-Committee, an alternative proper shipping name CARTRIDGES FOR TOOLS, BLANK for UN 0014 was provisionally approved in square brackets. The proposal enjoyed the unanimous support of the Working Group on Explosives.
2. The reason for provisional approval was based on a request by a member of the Working Group on Explosives to check with European industry relative to the potential impact on non-transport regulations.
3. In accordance with this request, on 28 July SAAMI met with CEN/TC212's Project Group "Fixing Cartridges" to explain the work of the Sub-Committee on this matter. The Group supported the action of the Sub-Committee, but requested that the proper shipping name be modified to "Cartridges, blank, for industrial use". This proper shipping name will align with non-transport systems currently in use. This request has no adverse effect on transport and can be accepted.
