Addition of Special Provision

1. After consultation with experts, the Sporting Arms & Ammunition Manufacturers' Institute wishes to amend the proposal in ST/SG/AC.10/C.3/2010/18 by adding regulatory text implementing the use of the 6(d) test as proposed in UN/SCETDG/37/INF.50. This assures an extra level of safety by assigning a special provision to UN 0012, UN 0014, and UN 0055, which are proposed for transport under the provisions of Chapter 3.4:
2. SP XYZ: "This entry shall only be transported under the provisions of Chapter 3.4 if, as presented for transport, the package is capable of passing the 6(d) test as determined by the competent authority."
