OUTCOME OF THE 67th GRRF SESSION ON DOCUMENT ECE/TRANS/WP.29/GRB/2010/3

At its 67th session, GRRF consider ECE/TRANS/WP.29/GRB/2010/3 (tabled by the EC) and endorsed the proposal in principle. GRRF noted a number of comments and expressed the need to clarify the marking requirements snow tyres (marked with the "Alpine" symbol) and/or for "M+S" during the transitional period.

Furthermore, the expert from Germany suggested that all snow tyres should fulfil a more stringent set of traction requirements which have to be included into the proposal. This position was supported by the expert from Denmark.
