

## **Corrections to ECE/TRANS/WP.29/2011/8 (Regulation No. 10)**

### **A. Proposal**

*Paragraph 6.8.1.*, correct to read:

"6.8.1. Method of testing

The immunity of ESA representative of its type shall be tested by the method(s) according to ISO 7637-2 (second edition 2004 and Amd1:2008) as described in Annex 10 with the test levels given in table 1.

...."

### **B. Justification**

ECE/TRANS/WP.29/2011/8 is based on ECE/TRANS/WP.29/GRE/2010/54 which has been adopted by GRE at its sixty-fourth session in October 2010, as amended by Annex VII to the report (see ECE/TRANS/WP.29/GRE/64, para. 26). However, this paragraph was wrongly included in ECE/TRANS/WP.29/2011/8. This informal document aims at correcting that error.
