

**Comments from India on
ECE/TRANS/WP.29/GRRF/2011/13 - Regulation No. 30
(Pneumatic tyres for motor vehicles and their trailers)**

Giving below our comments on ECE/TRANS/WP.29/GRRF/2011/13, Proposal for amendments to Regulation No. 30 (Pneumatic tyres for motor vehicles and their trailers)

Clause Definitions	
Comment	The definition in GTR and ECE regulations are different.
Justification	Even as GTR is evolving , the new definitions of ECE and GTR could be reviewed so as to avoid mismatch. For example. GTR defines tread groove and tread pattern separately while ECE R 30 defines only tread pattern groove. *****
