The modifications to the current text of the Regulation are marked in bold for new characters.

\* In accordance with the programme of work of the Inland Transport Committee for 2010–2014 (ECE/TRANS/2010/8, programme activity 02.4), the World Forum will develop, harmonize and update Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

## I. Proposal

Paragraph 4.8., amend to read:

"4.8. ISOFIX Marking

...

(c) The position....

(d) ...  
..."

## II. Justification

The current figures do not cover all the possible installation configurations; a fourth figure, covering further installation, already in use on the market, has been added.
