

Dear all,

we already fixed the third meeting for April 12 to 14, 2011.

I am pleased to announce Boras close to Gothenburg Landvetter Airport, Sweden as location, so early booking is now possible.

The meeting will be hosted by SP and some more detailed information will follow at a later stage.

We will start on Tuesday, 12th at 01:00 pm and conclude on Thursday, 14th at 03:30 pm.

During a break or after a meeting day we will have the opportunity to visit labs at the research institute.

Please inform Petra Andersson - and me in cc - about your participation.

Best regards

Gerd Kellermann
chairman of the RESS group
