Proposal for amendments to Regulations Nos. 18, 26, 34, 35, 43, 58 and 61

The text reproduced below was prepared by the experts from the International Organization of Motor Vehicle Manufacturers (OICA) in order to introduce the concept of “revision of approvals” in the regulations under GRSG responsibility. The modifications to the current text of the Regulation are marked in bold for new or strikethrough for deleted characters.

I. Proposal

A. Regulation No. 18 (protection against unauthorized use)

Paragraph 7.1. to 7.3., amend to read:

7.1. Every modification of the existing vehicle type shall be notified to the administrative department which approved the vehicle type.

The department may then either:

(a) decide, in consultation with the manufacturer, that a new type-approval is to be granted, or

(b) apply the procedure contained in paragraph 7.1.1. (Revision) and, if applicable, the procedure contained in paragraph 7.1.2. (Extension).

7.1.1. Revision

When particulars recorded in the information documents of Annex 1 have changed and the administrative department considers that the modifications made are unlikely to have an appreciable adverse effect and that in any case the protective devices still comply with the requirements, the modification shall be designated a “revision”.

In such a case, the administrative department shall issue the revised pages of the information documents of Annex 1 as necessary, marking each revised page to show clearly the nature of the modification and the date of re-issue. A consolidated, updated version of the information documents of Annex 1, accompanied by a detailed description of the modification, shall be deemed to meet this requirement.

or

7.1.2. Extension

The modification shall be designated an “extension” if, in addition to the change of the particulars recorded in the information documents of Annex 1,

(a) further inspections or tests are required, or

(b) any information on the communication document (with the exception of its attachments) has changed, or

(c) approval to a later series of amendments is requested after its entry into force.

Require a further report from the technical service responsible for conducting the tests.

7.2. Confirmation or refusal of approval, specifying the alteration, shall be communicated by the procedure specified in paragraph 4.3. above to the Contracting Parties to the Agreement applying this Regulation. In addition, the
index to the information documents and to the test reports, attached to the communication document of Annex 1, shall be amended accordingly to show the date of the most recent revision or extension.

7.3. The competent authority issuing the extension of approval shall assign a serial number to each communication form drawn up for such an extension.”

B. Regulation No. 26 (external projections)

Paragraph 7.1. to 7.3., amend to read:

7.1. The administrative department which has granted approval of the existing vehicle type shall be notified of any modification of the vehicle type. That department may then either:

(a) decide, in consultation with the manufacturer, that a new type-approval is to be granted, or

(b) apply the procedure contained in paragraph 7.1.1. (Revision) and, if applicable, the procedure contained in paragraph 7.1.2. (Extension).

7.1.1. Revision

When particulars recorded in the information documents of Annex 1 have changed and the administrative department considers that the modifications made are unlikely to have an appreciable adverse effect and that in any case external projections still comply with the requirements, the modification shall be designated a “revision”.

In such a case, the administrative department shall issue the revised pages of the information documents of Annex 1 as necessary, marking each revised page to show clearly the nature of the modification and the date of re-issue. A consolidated, updated version of the information documents of Annex 1, accompanied by a detailed description of the modification, shall be deemed to meet this requirement.

7.1.2. Extension

The modification shall be designated an “extension” if, in addition to the change of the particulars recorded in the information documents of Annex 1,

(a) further inspections or tests are required, or

(b) any information on the communication document (with the exception of its attachments) has changed, or

(c) approval to a later series of amendments is requested after its entry into force.

7.2. Confirmation of approval, with a description of the modifications, or refusal of approval shall be communicated by the procedure laid down in paragraph 4.3. above to the Parties to the Agreement applying this Regulation. In addition, the index to the information documents and to the test reports, attached to the communication document of Annex 1, shall be amended accordingly to show the date of the most recent revision or extension.

7.3. The competent authority issuing the extension of approval shall assign a serial number for such an extension and inform thereof the other Parties to the 1958 Agreement applying this Regulation by means of a communication form conforming to the model in annex 1 to this Regulation.”
C. Regulation No. 34 (tank(s) for liquid fuel of vehicles of categories M, N and O)

Paragraph 14.1. to 14.3., amend to read:

14.1. Every modification of the existing type of vehicle or tank shall be notified to the administrative department which approved the vehicle type. The department may/shall then either:

(a) decide, in consultation with the manufacturer, that a new type-approval is to be granted, or

(b) apply the procedure contained in paragraph 14.1. (Revision) and, if applicable, the procedure contained in paragraph 14.1.2. (Extension).

14.1.1. Revision

When particulars recorded in the information documents of Annex 1 have changed and the administrative department considers that the modifications made are unlikely to have appreciable adverse effects, and that in any case the vehicle still meets the requirements, the modification shall be designated a “revision”.

In such a case, the administrative department shall issue the revised pages of the information documents of Annex 1 as necessary, marking each revised page to show clearly the nature of the modification and the date of re-issue. A consolidated, updated version of the information documents of Annex 1, accompanied by a detailed description of the modification, shall be deemed to meet this requirement.

14.1.2. Extension

The modification shall be designated an “extension” if, in addition to the change of the particulars recorded in the information folder,

(a) further inspections or tests are required, or

(b) any information on the communication document (with the exception of its attachments) has changed, or

(c) approval to a later series of amendments is requested after its entry into force.

require a further test report from the technical service responsible for conducting the tests.

14.2. Without prejudice to the provisions of paragraph 14.1. above, a variant of the vehicle tested according to Part II of this Regulation whose unladen mass does not differ by more than ± 20 per cent from that of the approval-tested vehicle shall not be regarded as a modification of the vehicle type.

14.3. Notice of confirmation of approval or of refusal of approval, specifying the modifications shall be communicated by the procedure specified in paragraphs 3.1.3., 3.2.3. or 3.3.3. above to the Parties to the Agreement which apply this Regulation. In addition, the index to the information documents and to the test reports, attached to the communication document of Annex 1, shall be amended accordingly to show the date of the most recent revision or extension.”
D. Regulation No. 35 (arrangement and mode of operation of the foot controls)

Paragraph 6.1. to 6.3., amend to read:

"6.1. Every modification of the to an existing vehicle type shall be notified to the administrative department which approved the vehicle type.

The department then either:

(a) decide, in consultation with the manufacturer, that a new type-approval is to be granted, or

(b) apply the procedure contained in paragraph 7.1.1. (Revision) and, if applicable, the procedure contained in paragraph 7.1.2. (Extension).

6.1.1. Revision

When particulars recorded in the information documents of Annex 1 have changed and the administrative department considers that the modifications made are unlikely to have appreciable adverse effects and that in any case the foot controls still meet the requirements, the modification shall be designated a “revision”.

In such a case, the administrative department shall issue the revised pages of the information documents of Annex 1 as necessary, marking each revised page to show clearly the nature of the modification and the date of re-issue. A consolidated, updated version of the information documents of Annex 1, accompanied by a detailed description of the modification, shall be deemed to meet this requirement.

6.1.2. Extension

The modification shall be designated an “extension” if, in addition to the change of the particulars recorded in the information documents of Annex 1,

(a) further inspections or tests are required, or

(b) any information on the communication document (with the exception of its attachments) has changed, or

(c) approval to a later series of amendments is requested after its entry into force.

Require a further test report from the technical service responsible for conducting the tests.

6.2. Confirmation or refusal of approval, specifying the alteration, shall be communicated by the procedure specified in paragraph 4.3. above to the Contracting Parties to the Agreement applying this Regulation. In addition, the index to the information documents and to the test reports, attached to the communication document of Annex 1, shall be amended accordingly to show the date of the most recent revision or extension.

6.3. The competent authority issuing the extension of approval shall assign a serial number to each communication form drawn up for such an extension."
E. Regulation No. 43 (installation of windscreens and other glazing)

Paragraph 9.1. to 9.2.2., amend to read:

“9.1. Every modification of a type of safety glazing material, or in the case of windscreens every addition of a windscreen to a group, or in the case of a vehicle type, every modification to an existing vehicle type, shall be notified to the administrative department which approved the type of safety glazing material.

Add a new paragraph 7.3., to read:

“7.3. The competent authority issuing the extension of approval shall assign a serial number to each communication form drawn up for such an extension.”

Annex 1, amend to read:

“Annex 1

(Maximum format: A 4 (210 x 297 mm))

Name of administration

Communication concerning the approval (or refusal or withdrawal or extension of approval or production definitely discontinued) of a vehicle type with regard to its external projections, pursuant to Regulation No. 61”
II. Justification

1. WP29 adopted the principle of the alignment of the UNECE regulatory system with that of the EU Whole Vehicle Type Approval (WVTA) Directive 2007/46/EC in order to ease the administrative burden for both manufacturers and approval administrations regarding the extension of existing approvals.

3. Yet one particular section of this document addresses the paragraphs related to extensions and revisions of approvals.

4. The aim of the present document is to provide GRSG a tool for aligning with the guidelines the regulations which are under the responsibility of GRSG. It is expected that a more complete proposal will be tabled at the next session GRSG.
