Priority of Discussion on Technical Requirements for IWVTA and Draft Report to IWVTA Informal Meeting

The "Guideline for each GR to review technical regulations applicable to IWVTA" (WP.29-156-21) prescribes that each GR and IWVTA informal meeting report the results of review to the June 2013 WP.29 session. Furthermore, the 158th WP.29 session held in November 2012 agreed that priorities of discussion should be given to the technical requirements for IWVTA to be examined by GRs. Extract of the meeting minutes of WP.29:

"WP.29 agreed that, in general as a first step, the UN Regulations to be included in IWVTA, should be those not needing any or only minor amendments to reach consensus, while taking into account the importance of the respective amendments. As a second step, WP.29 agreed to focus on those needing major amendments to reach consensus."

1. Draft priority list of technical regulations for GRSG and review report of GRSG to IWVTA Informal Group

The following are the priorities of discussion of candidate items and results of review proposed by the GRSG ambassador as a working draft:
