Geneva, 9 September 2013

## Report of the Group of Experts on Euro-Asian Transport Links on its eighth session

### Contents

	<i>Paragraphs</i>	<i>Page</i>
I. Attendance.....	1–4	1
II. Adoption of the agenda (agenda item 1) .....	5	2
III. Election of officers (agenda item 2).....	6	2
IV. Mandate: Joint Declaration on future development of Euro-Asian Transport Links (EATL) (agenda item 3).....	7	2
V. UNECE Group of Experts on EATL: Administrative arrangements (Work plan) (agenda item 4).....	8–12	3
VI. Information from participants on most recent developments along the EATL routes (agenda item 5).....	13–15	4
VII. Other business (agenda item 6) .....	16	4
VIII. Date of next meeting (agenda item 7) .....	17	4
IX. Adoption of the decisions (agenda item 8).....	18	4

## **I. Attendance**

1. The Group of Experts on Euro-Asia Transport Links held its eight session on 9 September 2013. Representatives of the following member States of the United Nations Economic Commission for Europe (UNECE) participated: Austria, Azerbaijan, Belgium, Cyprus, Germany, Kazakhstan, Lithuania, Republic of Moldova, Russian Federation, the former Yugoslav Republic of Macedonia, Turkey, Ukraine and Uzbekistan.
2. The following intergovernmental organization was represented: Organization for Security and Cooperation in Europe (OSCE).
3. The following non-governmental organization was represented: International Union of Railways (UIC).
4. At the invitation of the secretariat, the Hellenic Chambers Transport Associations, the International Association "Coordinating Council on Trans-Siberian Transportation", National Technical University of Athens and PLASKE also attended the meeting.

## **II. Adoption of the agenda (agenda item 1)**

*Documentation:* ECE/TRANS/WP.5/GE.2/15

5. The Group of Experts adopted the agenda (ECE/TRANS/WP.5/GE.2/15).

## **III. Election of officers (agenda item 2)**

6. The Group of Experts elected Mr. Andrey Timochkin (Russian Federation) and Mr. Kostiantyn Savchenko (Ukraine) respectively as Chair and Vice-Chair for its sessions in 2013, 2014 and 2015.

## **IV. Mandate: Joint Declaration on future development of Euro-Asian Transport Links (EATL) (agenda item 3)**

*Documentation:* ECE/TRANS/2013/1

7. The Group of Experts recalled that during the Ministerial segment of the seventy-fifth session of the Inland Transport Committee, thirty-two (32) European and Asian countries signed the Joint Statement on Future Development of Euro-Asian Transport Links and expressed their willingness to further develop and promote Euro-Asian rail transport (ECE/TRANS/2013/1). By signing the joint declaration, Ministers endorsed the priority Euro-Asian inland transport routes adopted in Phase I and the new routes identified in Phase II of the EATL project and expressed their willingness to work towards implementation by actions such as:

(a) Aiming to develop and enhance favourable financial conditions to ensure sustainable and long-term financing of priority transport infrastructure projects to integrate them into medium and long-term investment programmes for adopting at the national level;

(b) Fostering and sustaining coordination and collaboration with participating member States, international organizations and international financial institutions, as well as other public and private stakeholders to ensure that additional financial resources for completing identified priority projects are made available;

- (c) Orderly and systematic removal of the remaining non-physical barriers on the Euro-Asian transport routes;
- (d) Supporting the establishment of an adequate mechanism to ensure continued monitoring and the follow-up activities of the project, and the most appropriate modalities to use the existing structures and available resources in the UNECE; and
- (e) Supporting further implementation and continuation of the EATL project in a new Phase III (2013–2017) with clearly defined targets and measurable objectives and ensuring the necessary resources for its timely implementation.

## **V. UNECE Group of Experts on EATL: Administrative arrangements (Work plan) (agenda item 4)**

*Documentation:* ECE/TRANS/2013/5, ECE/TRANS/WP5/GE2/2013/1

8. On the basis of the Joint Declaration and its terms of reference adopted by the Inland Transport Committee on 28 February 2013 (ECE/TRANS/2013/5), the Group of Experts considered a draft work plan prepared by the secretariat. The work plan defines objectives and activities and includes a tentative time schedule for their implementation before the end of 2015 (ECE/TRANS/WP.5/GE.2/2013/1).
9. The work plan establishes the main objectives for the Group in the next two years. These are:
  - (a) To analyse, promote and present to International Financial Institutions (IFI) and other donors a list of high priority EATL projects and feasibility or other relevant studies with the objective to facilitate sustainable and long-term financing of these projects;
  - (b) To identify cargo flows (quantities and types) that could be transported along the nine Euro-Asian rail and road transport links;
  - (c) To facilitate the coordination of integrated time schedules and tariffs for the nine rail and road transport links;
  - (d) To promote Euro-Asian inland transport routes and development of an integrated Marketing strategy;
  - (e) To update and upgrade the Geographical Information Systems (GIS) application.
10. The work plan also contains four concrete project proposals for the consideration and in kind support of the Governments that would further enhance the impact of the Phase III of the EATL project. These projects proposals:
  - (a) A review of current and future trade flows along Euro-Asian routes. The proposal would involve hiring a consultant-expert on international trade who would conduct an on-site survey by visiting and interviewing key trade points and stakeholders. The forecasted budget for such a survey is USD 80,000;
  - (b) Develop an integrated marketing strategy which would promote the advantages and benefits of Euro-Asian transport routes. The proposal would involve hiring a consultant-expert on international marketing who would facilitate discussions and provide guidance during technical workshops aimed at developing an integrated marketing strategy. The forecasted budget for such a project is USD 40,000;
  - (c) Prepare an electronic and hardcopy brochure that would illustrate the inland transport services, different rail and road routes as well as agreed time schedules. The forecasted budget for such a project is USD 15,000;

(d) Update of GIS information developed during the Phase II of the project and upgrade of the GIS software to a more sophisticated web application. The forecasted budget for such a project is approximately USD 50,000 plus additional yearly costs for maintenance (i.e. server costs, etc.).

11. On making Euro-Asian Transport Linkages operational, the Group of Experts should work closely with international financial institutions and other donors, railways authorities, road transport associations, shippers and trading companies and other relevant stakeholders, as well as with the other concerned Regional Commissions of the United Nations, particularly with the Economic and Social Commission for Asia and the Pacific (UNESCAP).

12. The Group of Experts adopted its work plan for 2013–2015.

## **VI. Information from participants on most recent developments along the EATL routes (agenda item 5)**

13. In accordance with the Joint Statement, the Group of Experts considered and discussed the main problems and issues to be addressed for the development and efficient operationalization of Euro-Asian transport links. It noted that the work plan proposed by the secretariat contains the necessary activities, but more substantive support is needed by the Governments given the complexity of the tasks to be undertaken within a very short time.

14. The Group of Experts noted that references to several ports or shippers in the work plan are only indicative examples and contribution from EATL national focal points is needed to identify the most relevant stakeholders to be invited to the next meeting. It was also noted that it is very important to invite shippers and freight forwarders – the owners of the cargoes – at the next meeting in order to consider and clarify challenges and problems they are facing while moving cargo along the Euro-Asian transport links.

15. The Group of Experts was informed by the representatives of Azerbaijan, Kazakhstan, Russian Federation, the Former Yugoslav Republic of Macedonia, Turkey and Ukraine on most recent developments along the EATL routes.

## **VII. Other business (agenda item 6)**

16. There were no proposals under this agenda item.

## **VIII. Date of next meeting (agenda item 7)**

17. The next sessions of the Group of Experts are scheduled as:

- (a) Ninth session, 4–5 February 2014, Geneva;
- (b) Tenth session, 27–28 May 2014, Geneva;
- (c) Eleventh session, 30–31 October 2014, Geneva;
- (d) Twelfth session, February 2015, Geneva;
- (e) Thirteenth session, June 2015, Geneva;
- (f) Fourteenth session, September 2015, Geneva.

## **IX. Adoption of the decisions (agenda item 8)**

18. In accordance with the established practice, the Group of Experts asked the secretariat to prepare a report on the outcome of the session.
