MEDNET

Objectives

Establishment and operation of a network of port authorities and transport experts of the Mediterranean focusing on the exchange of experiences regarding port operations, custom procedures and the simplification of clearance for vessels and cargoes

- Enhance interoperability, leading to a seamless transport supply chain and to develop a common understanding of custom procedures and clearance of vessels
- Promote the introduction of information systems to ports

MEDNET

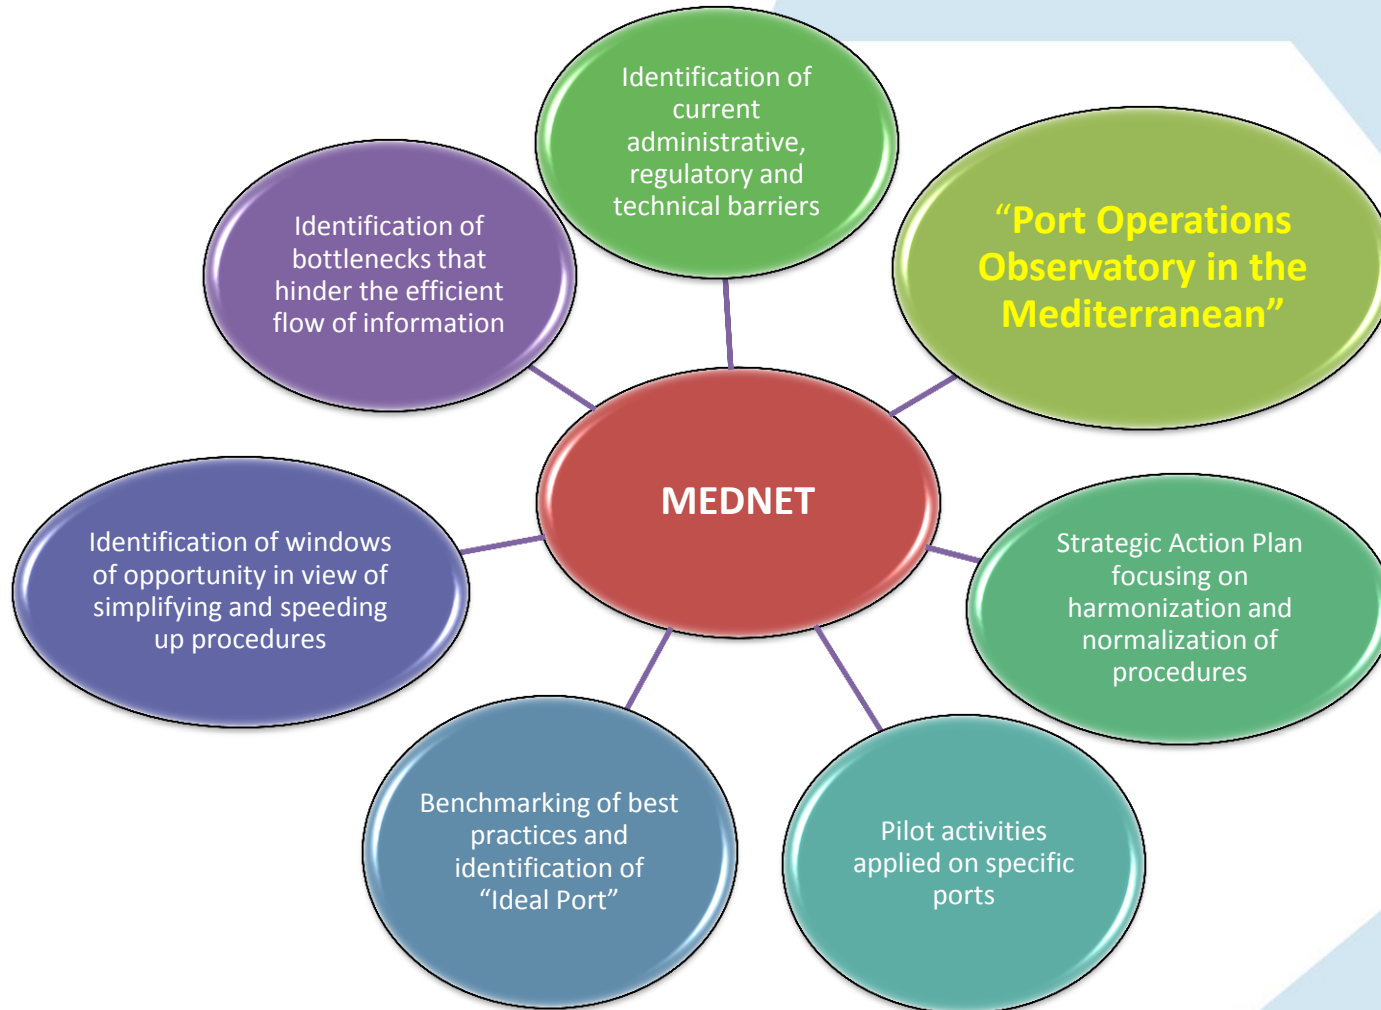

MEDNET partners

Country	List of Partners		
Italy	Rete Autostrade Mediterranee-RAM	Ancona Port Authority	Taranto Port Authority
Greece	National Technical University of Athens-NTUA	Igoumenitsa Port Authority	Patras Port Authority
France	Chamber of Commerce & Industry of Marseille Provence-CCIMP		
Spain	CENIT- Center for Innovation in Transportation	Valenciaport Foundation
