The Bureau of ITC during its last session in June 2016 stressed the importance of the timely preparation and sharing of the strategy paper for consultations and negotiations with Governments in the run-up to the seventy-ninth annual session of the Committee (February 2017). In this regard, the Bureau requested the secretariat to organize an extraordinary meeting of the Bureau in the second half of September 2016, where the draft strategy and resolution would be discussed. It further requested the secretariat to discuss progress with, collect inputs from and, if ready, circulate the above outputs to the Working Party on Transport Trends and Economics (WP.5) at its fall session (Geneva, 5–7 September 2016) and other Working Parties sessions in the run-up to the anniversary annual session of the ITC.

The Working Party may wish to consider information provided by the secretariat on the ITC Strategy paper and Ministerial Resolution.
