Informal document GRE-78-33  
(78th GRE, 24-27 October 2017  
agenda item 5)

Modification to document ECE/TRANS/WP.29/GRE/2017/22

**Proposal**

In points A, B and C of this document the following changes should be introduced:

- “3.2.5. The application: **shall include** a statement of the method used for the definition of the apparent surface (see paragraph 2.10.) **statements relating to:**
- 3.2.5.1. **shall include** a statement of the method used for the definition of the apparent surface (see paragraph 2.10.)
- 3.2.5.2. **may include** a statement whether lamps approved for and equipped with LED substitute light sources are allowed to be installed on the vehicle or not and, if this is allowed, which lamps.”

**Justification**

The changes highlighted in yellow are proposed to provide a better coherence of paragraph 3.2.5. requirements with those of paragraph 5.27. (for points A and B) and 5.30 (for point C).
