Road Traffic and on Road Signs and Signals

The relevance of the 1968 Conventions in Lebanon

Road Safety Performance Review Workshop
25-29 March 2019, Palais des Nations, Geneva

For the Memory of Road Victims

Video 1

Allow me first to deliver Her Excellency's salutation, the first woman to be a minister of interior in the Arab world Raya el Hasan, who considers Road Safety as her Priority.

We feel strongly today the truth of this Quote:
The best man for the job is "this" woman.

Outline

- 1- Establishing the National Road Safety Council
- 2- Cooperation with France
- 3- Visit of Mr. John Todt
- 4- The vision toward 2022

Establishing the National Road Safety Council

Lebanon is one of few countries in MENA that proudly established a Lead agency in Road Safety headed by the Prime Minister and started efficiently its role since two years.

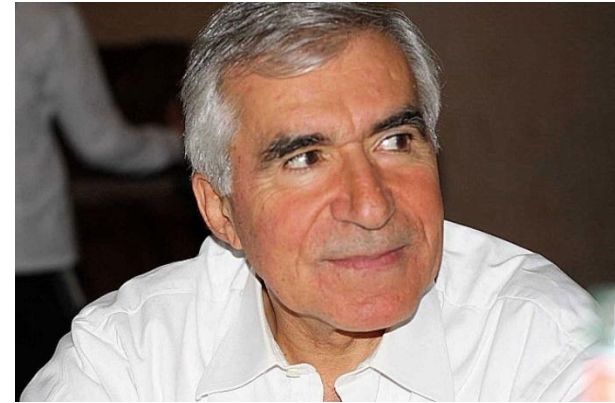

Houssam, the prime minister brother, died in a road crash in 1991 in Boston.

Lebanon Visit 2016

Ladies and Gentlemen, Lebanon will sign the 1968 Vienna Conventions on Road Traffic and on Road Signs and Signals from in 2019.

Visit of Mr. Todt and the commitment of the Prime Minister to sign 1968 Conventions

Video 3

- Launching a Road Safety Strategy
- Strengthening the national capabilities in the national road safety council secretary
- Launching the national observatory
- Setting a modern driving curriculum in Lebanon

The relevance/main benefits of Lebanon signing the 1968 conventions are the following:

- Creating a legal framework to support the current legislations.
- Assuring putting Lebanon on the sustainability track in road safety.
- Pushing all stakeholders (whether private or public entities) to adopt the comprehensive legal approach.
- Harmonizing the local legislations with best practices and benchmarks
